

GENERAL INFORMATION and APPLICATION FORM

1. Purposes

The primary purpose of the European Society for Dermatology and Psychiatry is to provide a forum of European physicians and psychologists working in the field of psychodermatology, psychosomatic dermatology, and dermatopsychiatry. The continuing aims of the European Society for Dermatology and Psychiatry are to exchange information and ideas, to expand the contacts of those working in the disciplines of dermatology, psychiatry, and psychology, to improve scientific research in this area, and to recruit the expertise of new members. The ultimate aim, is to apply this knowledge to improve the quality of patient care.

Further purposes are:

- * to stimulate interest in this field, particularly amongst European dermatologists, psychiatrists, psychologists, and other professionals with special interest in this area,
- * to promote interdisciplinary research and education on dermatology, psychology and psychiatry in order to improve the knowledge, the management and the treatment of patients,
- * to organize international congresses on dermatology, psychology and psychiatry,
- * to inform and educate the medical profession at large and also the general public of recent developments in this field.

2. Establishment

The European Society for Dermatology and Psychiatry is a non-profit organization, legally established in 1993 in Vienna, according to the Austrian law.
