39th International Symposium on Growth Hormone and Growth Factors in Endocrinology and Metabolism

Berlin, Germany, May 11–12, 2007

Guest Editors
A. Grüters, Berlin
L. Hagenäs, Stockholm
J.P. Monson, London
S.A. Rivkees, New Haven, Conn.
V. Popovic-Brkic, Belgrad

31 figures, 10 in color, and 24 tables, 2007
Disclaimer
Please note that while Pfizer was the sponsor of the 39th International Symposium on Growth Hormone and Growth Factors in Endocrinology and Metabolism, the organization of the program was developed by a Scientific Board (the Board).
The Board was comprised of specialists who provided scientific oversight for the overall program. Specifically, the Board developed the scientific program content. Its members are recognized authorities in the field of endocrinology.
The content of the Symposium reflects the scientific opinions of the individual presenters and may not necessarily reflect the opinions of Pfizer Inc., or any of its subsidiaries, partners or employees.

Disclosure Statement Guest Editors
A. Grüters declares no conflict of interest.
L. Hagenäs has a relevant financial relationship with a commercial interest. He is a consultant and member of the KIGS Board and has given lectures about the KIGS for which he has received honoraria.
J.P. Monson has a relevant financial relationship with a commercial interest. He is a consultant for Roche Pharmaceuticals and Pfizer Corporation, has been teaching/speaking at Pfizer Corporation and Astra Zeneca, and is a member of the KIMS International Board. He has received consulting fees from Roche Pharmaceuticals and Pfizer Corporation, and honoraria from Pfizer Corporation and Astra Zeneca.
S.A. Rivkees has received consulting fees from Pfizer Pharmaceuticals, and honoraria from CMM Global.
V. Popovic-Brkic declares no conflict of interest.
Contents

1 Foreword

Combined Plenary Lecture 1

2 Mouse Models for Understanding the Growth Hormone Insulin-Like Growth Factor-I Axis
Rosen, C.J. (Bangor, Me.)

Combined Plenary Lecture 2

5 Insights from the Genetics of Severe Childhood Obesity
Farooqi, S. (Cambridge)

Combined Plenary Lecture 3

8 Treatment of Osteogenesis Imperfecta: Who, Why, What?
Glorieux, F.H. (Montréal, Qué.)

Combined Plenary Session

12 Hypopituitarism following Traumatic Brain Injury
Ghigo, E. (Turin)

14 Endocrine Sequelae of Traumatic Brain Injury in Childhood
Acerini, C.L.; Tasker, R.C. (Cambridge)

18 Endocrine Consequences of Adult Traumatic Brain Injury
Behan, L.A.; Agha, A. (Dublin)

Hot Topics: Combined Session 1

22 Pediatric Topic: Expanding the Spectrum of Noonan Syndrome
Spiliotis, B.E. (Patras)

24 Expanding the Genetic Spectrum of Noonan Syndrome
Noordam, K. (Patras)

28 Thyroid Hormone Transporters
Visser, T.J. (Rotterdam)

Hot Topics: Combined Session 2

31 Introduction
Czernichow, P. (Paris)

32 Neonatal Diabetes
Shield, J.P.H. (Bristol)

37 Lessons from Sclerosing Bone Dysplasias
Van Hul, W. (Antwerp)

KIGS Highlight Session

40 KIGS: 20 Years
Ranke, M. (Tübingen)

41 Headache, Idiopathic Intracranial Hypertension and Slipped Capital Femoral Epiphysis during Growth Hormone Treatment: A Safety Update from the KIGS Database
Darendeliler, F. (Istanbul); Karagiannis, G. (Stockholm); Wilton, P. (New York, N.Y.)

48 KIGS Highlights: Growth Hormone Treatment in Prader-Willi Syndrome
Taub, M. (Toulouse); Cutfield, W. (Auckland)

51 Future Directions: Growth Prediction Models
Geffner, M.E. (Los Angeles, Calif.); Dunger, D.B. (Cambridge)

KIMS Highlight Session

57 Bridging Provocative Tests and Clinical Manifestations of Growth Hormone Deficiency in Adults
Feldt-Rasmussen, U. (Copenhagen)

59 Concepts in the Diagnosis of Adult Growth Hormone Deficiency
Biller, B.M.K. (Boston, Mass.)

66 Growth Hormone Tests: Are They All the Same?
Toogood, A. (Birmingham)
IV Acrostudy Symposium

68 Introduction
Trainer, P.J. (Wilmslow)

70 Experience from the German Pegvisomant Observational Study
Strasburger, C.J. (Berlin); Buchfelder, M. (Erlangen); Droste, M. (Oldenburg); Mann, K. (Essen); Stalla, G.K. (Munich); Saller, B. (Nuremberg)

Pediatric Plenary Session

74 ACROSTUDY: An Overview
Hauffa, B.P. (Essen)

75 Genetics of Puberty
Herbison, A.E. (Dunedin)

80 Introduction and Management of Puberty in Girls
de Muinck Keizer-Schrama, S.M.P.F. (Rotterdam)

Pediatric Workshop 1

84 Congenital Adrenal Hyperplasia: A Lifelong Disorder
Hughes, I.A. (Cambridge)

90 Prenatal and Neonatal Diagnosis and Treatment of Congenital Adrenal Hyperplasia

93 Growth in Patients with Classic Congenital Adrenal Hyperplasia due to 21-Hydroxylase Deficiency
Dörr, H.G. (Erlangen)

Pediatric Workshop 3

100 Multiple Endocrine Neoplasia Syndromes
Fujieda, K. (Asahikawa)

101 Multiple Endocrine Neoplasia Type 2: 2007 Update
Raue, F.; Frank-Raue, K. (Heidelberg)

105 Endocrine Surgical Aspects of Multiple Endocrine Neoplasia Syndromes in Children
Harrison, B.J. (Sheffield)

Pediatric Workshop 4

107 Update on the Management of Congenital Hypothyroidism
Grüters, A.; Krude, H. (Berlin)

Pediatric Clinical Case Sessions

112 Management of Chronic Systemic Diseases
Savage, M.O. (London)

113 A Review of the Management of Two Common Clinical Problems Found in Patients with Cystic Fibrosis: Cystic Fibrosis-Related Diabetes and Poor Growth
Hardin, D.S. (Columbus, Ohio)

117 Improving Growth in Children with Inflammatory Bowel Disease
Ahmed, S.E.; Wong, J.S.C.; McGrogan, P. (Glasgow)

122 Management of Growth Retardation in Juvenile Idiopathic Arthritis
Simon, D. (Paris)

126 Pituitary Tumorigenesis
Casanueva, F. (Santiago de Compostela)

127 Aryl Hydrocarbon Receptor-Interacting Protein and Acromegaly
Aaltonen, L.A. (Helsinki)

132 Targeting Pituitary Tumors
Heaney, A.P. (Los Angeles, Calif.)

137 Hypopituitarism: Oddities
Shimatsu, A. (Kyoto)

138 Hypopituitarism Oddities: Congenital Causes
Kelberman, D.; Dattani, M.T. (London)

145 Lymphocytic Hypophysitis
Molitch, M.E.; Gillam, M.P. (Chicago, Ill.)

151 Hypopituitarism Oddities: Craniopharyngiomas
Karavitaki, N. (Oxford)

154 Adult Congenital Adrenal Hyperplasia
Bozzola, M. (Pavia)

155 Congenital Adrenal Hyperplasia: Adolescence and Transition
Conway, G.S. (London)

158 Adult Consequences of Congenital Adrenal Hyperplasia
Arlt, W.; Krone, N. (Birmingham)

165 Growth Hormone and Life Expectancy: Addressing the Paradox
Buchfelder, M. (Göttingen)

166 Excess Mortality in Acromegaly
Holdaway, I.M. (Auckland)

173 Mortality and Reduced Growth Hormone Secretion
Stochholm, K.; Christiansen, J.; Laursen, T.; Gravholt, C.H. (Aarhus)
Adult Workshop 4

177 Introduction
Strasburger, C.J. (Berlin)

178 Long-Acting Forms of Growth Hormone-Releasing Hormone and Growth Hormone: Effects in Normal Volunteers and Adults with Growth Hormone Deficiency
Clemmons, D.R. (Chapel Hill, N.C.)

182 Long-Acting Hydrocortisone for Glucocorticoid Replacement Therapy
Johannsson, G.; Filipsson, H.; Berghthorsdottir, R. (Gothenburg); Lennernäs, H. (Uppsala); Skrtic, S. (Gothenburg)

Adult Clinical Session: Endocrine Incidentalomas

189 Introduction
Koppeschaar, H.P.F. (Utrecht)

191 Adrenal Incidentalomas: Presentation and Clinical Work-Up
Beuschlein, F. (Munich)

195 The Epidemiology and Management of Pituitary Incidentalomas
Daly, A.F.; Burlacu, M.C.; Livadariu, E.; Beckers, A. (Liège)

199 Thyroid Incidentalomas
Pinchera, A. (Pisa)

Abstract Winners

202 A Case of Lymphocytic Hypophysitis Presenting as a Pituitary Macroadenoma

204 Adult Growth Hormone Replacement using a Fixed Graded Initiation Phase followed by an Individualised Titration Phase: A Single Centre Experience
Prague, J.; Taylor, C.; Al-Zaman, Y.; Lecka, A.; Oguntolu, V. (London); Miell, J. (Lewisham); McGregor, A.; Aylwin, S. (London)

205 Appropriate Sampling Times for Growth Hormone (GH) Measurement during Insulin Tolerance Testing (ITT) in Children
Muzsnai, A.; Sólyom, J. (Budapest); Ilyés, I. (Debrecen); Kovács, J. (Szeged); Sólyom, E. (Miskolc); Niederland, T. (Győr); Péter, F. (Budapest)

207 Decrease of Serum Alkaline Phosphatase after Three Cycles of Pamidronate Disodium in Children with Severe Osteogenesis Imperfecta

208 Author Index Suppl. 5, 2007
209 Subject Index Suppl. 5, 2007
