Contents Vol. 4, 1981

No. 1

Embryonic Development of the Nucleus Isthmo-Opticus in the Chick: A Golgi and Electron Microscopic Study
Angaut, P.; Raffin, J.-P. (Suresnes/Paris)

Maturation of Sympathetic Neurotransmission in the Rat Heart. IV. Effects of Guanethidine-Induced Sympathectomy on Neonatal Development of Synaptic Vesicles, Synaptic Terminal Functions and Heart Growth

Molecular Forms of Acetylcholinesterase in the Developing Chick CNS System
Villafruela, M.J.; Barat, A.; Manrique, E.; Villa, S.; Ramirez, G. (Madrid)

Effects of Brain Extracts from Smck Embryo on the Development of Astroblasts in Culture
Pettmann, B.; Labourettte, G.; DeKuipers, G.; Sensenbrenner, M. (Strasbourg)

Unaromatized Androgen is Taken Up by the Neonatal Rat Brain: Two Receptor Systems for Androgen
Sheridan, P.J. (San Antonio, Tex.)

Effect of Amphetamine on the Metabolism and Incorporation of [3H]-Thymidine into DNA of Developing Rat Brain
Bendek, G.; Hahn, Z. (Pecs)

Specific and Artefactual Cellular Localization of S 100 Protein: An Astrocyte Marker in Rat Cerebellum
Ghandour, M.S.; Langley, O.K.; Labourdette, G.; Vincendon, G.; Gombos, G. (Strasbourg)

Ontogeny of Membrane-Bound Protein Phosphorylating Systems in the Rat
Holmes, H.; Rodnight, R. (London)

Announcement

No. 2

Pituicyte Fine Structure in the Developing Neural Lobe of the Rat
Dellmann, H.-D.; Sikora, K. (Ames, Iowa)

A Biochemical and Immunohistological Study of S100 Protein in Developing Rat Cerebellum
Ghandour, M.S.; Labourettte, G.; Vincendon, G.; Gombos, G. (Strasbourg)

Distribution of Glia Maturation Factor-Like Activity in Organs and Cells
Turriff, D.E.; Lim, R. (Chicago, 111.)

Differentiation of Fetal Mouse Hypothalamic Cells in Serum-Free Medium

Effect of Thyroid Hormones on the Malic Enzyme Activity in Rat Brain during Development
Diez-Guerra, J.; Aragón, M.C.; Gimenez, C.; Valdivieso, F. (Madrid)

Peripheral Reinnervation Patterns and Dorsal Root Ganglion Topography in Skin-Grafted Frogs: A Behavioral and Histological Examination
Baker, R.E.; Matesz, K.; Corner, M.A.; Szekely, G. (Amsterdam/Debrecen)

Neuronal Survival and Peripheral Tissue Size during Human Embryogenesis: Study of a Partial Twinning
Pearson, J.; Pytel, B.A. (New York, N.Y.)
Influence of Nerve Growth Factor on the Embryonic Mouse Trigeminal Ganglion in Culture
Davis, A.M.; Lumsden. A.G.S.; Slavkin, H.C.; Burnstock, G. (London/Los Angeles, Calif.)

Molecular Forms of Acetylcholinesterase in Chick Embryonic Fast Muscle: Developmental Changes and Effects of DFP Treatment
Cisson.C.M.; McQuarrie.C.H.; Sketelj, J.; McNamee, M.G.; Wilson, B.W. (Davis, Calif.)

No. 3

Age-Related Differences in the in vitro Rat Hippocampus. Development of Inhibition and the Effect of Hypoxia
Dunwiddie, T.V. (Denver, Colo.)

Neurite Outgrowth from Murine Sensory Ganglia Cultured in a Serumless Medium
Lumsden, A.G.S.; Davies, A.M.; Slavkin, H.C.; Burnstock, G. (London/Los Angeles, Calif.)

Developmental Changes of the GABA and Polyamine Systems in Isolated Neurons in Cell Culture
Seiler, N.; Sarhan, S.; Roth-Schechter, B.F. (Strasbourg/Illkirch-Graffenstaden)

Biochemical Development of the Human Brain. II. Some Parameters of the GABA-ergic System
Brooksbank, B.W.L.; Atkinson, D.J.; Bal5zs, R. (London)

Glycerophospholipids and Acyl Group Changes in Rat Brain Capillary Endothelial Cell Fraction and the Liver during Development
Matheson, D.F.; Oei, R.; Roots, B-L. (Mississauga)

Normal Development and Precocious Induction of Glutamine Synthetase in the Neural Retina of the Quail Embryo
Moscona, A.A.; Degenstein, L. (Chicago, III.)

Developmental Alterations in Mast Cell Numbers and Distributions within the Thalamus of the Albino Rat
Persinger, M.A. (Sudbury)

Effects of Neonatal ACTH Administration on Adult Adaptive Behavior and Brain Tyrosine Hydroxylase Activity
Nyakas, C.; Levay, G.; Viltsek, J.; Endroczi, E. (Budapest)

Developmental Changes in Brain Template Active Region Chromatin
Uphouse, L.; Tedeschi, B.; Brown, H. (Research Triangle Park, N.C./New Haven, Conn.)

Newsletter

No. 4

Biochemical Stability of the AChE Molecular Forms after Cytochemical Staining: Postnatal Focalization of the 16S AChE in Rat Muscle
Koenig, J.; Rieger, F. (Paris)

Development and Aging of Cholinergic Synapses. V. Changes in Nicotinic Cholinergic Receptor Binding in Ciliary Ganglia and Iris of the Chicken
Marchi, M.; Yurkewicz, L.; Giacobini, E.; Fredrickson, T. (Storrs, Conn.)
Influence of Adrenal Epinephrine on Postnatal Development of Tyrosine Hydroxylase Activity in the Superior Cervical Ganglion
Markey, K.A.; Sze, P.Y. (Storrs, Conn.) ..................................................................................................................... 267

Effects of Local Anesthetics on Nerve Growth in Culture
Anderson, P.L.; Bamburg, J.R. (Fort Collins, Colo.) .................................................................................................. 273

Maternal Influence on Tryptophan Hydroxylase Activity in Embryonic Rat Brain

Rat Cerebellar Cells in Tissue Culture. I. An Immunological Marker for Brain Vascular Endothelial Cells (Antibodies from the Sera of Patients with Chagas' Disease)
Wilkin, G.P.; Woodhams, P.L.; Ribeiro dos Santos, R. (London) ............................................................................ 296

Rat Cerebellar Cells in Tissue Culture. ii. Immunocytochemical Identification of Replicating Cells in Astrocyte-Enriched Cultures
Woodhams, P.L.; Wilkin, G.P.; Balazs, R. (London) ................................................................................................. 307

Biogenic Monoamines in Early Embryos of Sea Urchins
Manukhin, B.N.; Volina, E.V.; Markova, L.N.; Rakic, L.; Buznikov, G.A. (Moscow/Kotor) .................................... 322

No. 5

Beta-Bungarotoxin Lacking Phospholipase A is Not Toxic to Developing Motor Neurons and Skeletal Muscle
Creazzo, T.L.; Sohal, G.S. (Augufia, Ca.) ................................................................................................................... 329

Metabolism of Acyl-CoA in the Developing Rat Brain
Smith, R.E.; Sun, GY. (Columbia, Mo.) .................................................................................................................. 337

Audiogenic Seizures and Neuronal Deficits following Early Exposure to Barbiturate
Yanai, J.; Bergman, A.; Shafer, R.; Yedwab, G.; Tabakoff, B. (Jerusalem/Chicago, IU./Tel Aviv) .... 345

Synaptic Parameters in Developing Rat Cerebral Cortex: Comparison of Anaesthetized and Unanaesthetized States
Devon, R.M.; Jones, D.G. (Nedlands) ..................................................................................................................... 351

Influence of Meningeal Cells on the Proliferation of Neuroblasts in Culture
Barakat, I.; Wittendorp-Rechenmann, E.; Rechenmann, R.V.; Sensenbrenner, M. (Strasbourg) ......................... 363

A Morphological and Biochemical Study of Myelogenesis in Fish Brain
Jeserich, G. (Osnabriick) ........................................................................................................................................... 373

Influence of Reduced Neuromuscular Activity on the Development of Neonatal Rat Hindlimb Muscle
Gardiner, P.F. (Quebec) ......................................................................................................................................... 382

The Role of Dopaminergic and Serotonergic Mechanisms in the Development of Swimming Ability of Young Rats
Tamasy, V.; Koranyi, L.; Phelps, C.P. (Pecs/Budapest/Tampa, Fla.) ......................................................................... 389
No. 6

Developmental Formation and Cortisol Regulation of Gamma-Glutamyl Transpeptidase in Brain and Spinal Cord of Chick Embryo
Lisy, V.; Stastny, F.; Sedlacek, J. (Prague) ................................................................. 401

Cortisol Regulation of Gamma-Glutamyl Transpeptidase in Liver, Choroid Plexus, Blood Plasma and Cerebrospinal Fluid of Developing Chick Embryo
Stastny, F.; Lisy, V. (Prague) .................................................................................. 408

Cell Surface Proteins of Differentiating Rat Cerebellar Cells Maintained in Dispersed Cell Culture
Minier, L.N.; Erickson, P.F.; Lasher, R.S. (Denver, Colo.)......................................... 416

Progesterone Receptors in the Cerebral Cortex of Neonatal Female Rats
Kato, J.; Onouchi, T. (Tokyo).................................................................................. 427

Developmental Changes in the Distribution of S-100 in Avian Neural Retina
Linser, P.; Moscona, A.A. (Chicago, Ill.) ................................................................ 433

Development and Aging of Cholinergic Synapses. VI. Mechanisms of Acetylcholine Biosynthesis in the Chick Iris
Marchi, M.; Hoffman, D.W.; Giacobini, E.; Voile, R. (Storrs. Conn./Farmington, Conn.)........................................ 442

Differentiation and Myelination of Transplanted Mouse Dorsal Root Ganglia
Shahar, A.; Straussman, Y.; Pinto, M. (Ness-Ziona) ............................................. 451

Glia l Fibrillar Acidic Protein. A Cellular Marker of Tangyfe$ in the Mouse Hypothalamus
Vitry, F., de; Picart, R.; Jacque, C; Tixier-Vidal, A. (Paris) ..................................... 457

Ontogeny of 3H-Diazepara Binding Sites in Different Rat Brain Area. Effect of GABA
Aldinio, C; Balzano, M.; Savoini, G; Leon, A.; Toffano, G. (AbanoTerme)............. 461

Author Index ........................................................................................................... 467

Subject Index ! ......................................................................................................... 469

Contents Vol. 4, 1981 .............................................................................................. after 470
