### EDITORIAL

457  **Hemodynamic study of portal hypertension**  
*Wu ZY*  
*Shanghai, China*

### REVIEW ARTICLES

459  **Classification of iatrogenic bile duct injury**  
*Lau WY and Lai ECH*  
*Hong Kong, China*

464  **Clinical management of portopulmonary hypertension**  
*Tam NL and He XS*  
*Guangzhou, China*

### ORIGINAL ARTICLES

#### Transplantation

470  **Pedicled greater omentum flap for preventing bile leak in liver transplantation patients with poor biliary tract conditions**  
*Ye QF, Niu Y, She XG, Ming YZ, Cheng K, Ma Y and Ren ZH*  
*Changsha, China*

474  **Interventional treatment of acute hepatic artery occlusion after liver transplantation**  
*Li ZW, Wang MQ, Zhou NX, Liu Z and Huang ZQ*  
*Dongguan, China*

#### Liver

479  **Operative treatment for patients with cholelithiasis and liver cirrhosis**  
*Xu Q, Gu L and Wu ZY*  
*Shanghai, China*

483  **Viral load speaks little about toll on liver**  
*Mahtab MA, Rahman S, Khan M, Kamal M, Mamun AA and Karim MF*  
*Dhaka, Bangladesh*
TIMP-3 gene transfection suppresses invasive and metastatic capacity of human hepatocarcinoma cell line HCC-7721
Zhang H, Wang YS, Han G and Shi Y
Changchun, China

The MELD scoring system for predicting prognosis in patients with severe hepatitis after plasma exchange treatment
Harbin, China

Apoptosis of rat liver in cold preservation with custom-designed KYL solution
Li L, Li CM, Zhang BY, Hu MD, Li XY, Ran JH and Huang M
Kunming, China

Surgical treatment of xanthogranulomatous cholecystitis: experience in 33 cases
Yang T, Zhang BH, Zhang J, Zhang YJ, Jiang XQ and Wu MC
Shanghai, China

Prevalence and characteristics of gallstone disease in an Iranian population: a study on cadavers
Farzaneh E, Zavvareh HT, Gharadaghi J and Sheikhvatan M
Tehran, Iran

Effect of intestinal transit on the formation of cholesterol gallstones in hamsters
Fan Y, Wu SD and Fu BB
Shenyang, China

Antisense RhoC gene suppresses proliferation and invasion capacity of human QBC939 cholangiocarcinoma cells
Shi Z, Chen ML, He QL and Zeng JH
Fuzhou, China

Pd-induced apoptosis of proliferative smooth muscle cells in bile ducts of dogs: significance and effects on related genes
He GJ, Yu FQ, Wu R, Gao QY, Xu SH, Gao H, Jiang WG, Jiang T and Dai XW
Shenyang, China

Tissue microarrays in pathological examination of apoptotic acinar cells induced by dexamethasone in the pancreas of rats with severe acute pancreatitis
Hangzhou, China
537  Effects of chondroitin sulfate on alteration of actin cytoskeleton in rats with acute necrotizing pancreatitis
He ZY and Guo RX
Shenyang, China

544  Expression of stem cell markers CK-19 and PDX-1 mRNA in pancreatic islet samples of different purity from rats
Yang C, Wang JM, Du CY and Xue D
Mianyang, China

CASE REPORTS

549  Non-functioning well-differentiated neuroendocrine tumor of the extrahepatic bile duct: an unusual suspect?
Sethi H, Madanur M, Srinivasan P, Portmann B, Heaton N and Rela M
London, UK

553  Pancreatic ductal adenocarcinoma associated with pancreatic ductal intraepithelial neoplasia: report of a case
Krishnasamy R, Agarwal S, Singh S, Puri S, Sakhuja P and Agarwal AK
New Delhi, India
