Drug Dosage

The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.

Biological Psychiatry

Plasma Dopamine-Beta-Hydroxylase in Depressed Patients and Controls
Roy, A.; Brockington, K.......................................................... 57

In vitro Effects of Short-Chain Aliphatic Alcohols, Benzyl Alcohol and Chlorpromazine on the Transport of Precursors of Monoamines across the Human Erythrocyte Membrane
Widmer, J.; Raffin, Y.; Gaillard, J.-M.; Tissot, T....................... 60

Effects of Neuroleptic Treatments on Peripheral Opioid Secretion
Brambilla, F.; Facchinetti, F.; Petraglia, F.; Smeraldi, E.; Bellodi, L.; Brancato, V.; Genazzani, A.R................................. 68

A Flunitrazepam Binding Inhibitor is Present in Psychiatric Patients' Sera
Marazziti, D.; Pietrini, P.; Martini, C; Giannaccini, G; Perugi, G.; Placidi, G.F.; Cassano, G.B.; Lucacchini, A. 74

Pharmacopsychiatry

Comparison of Sublingual and Oral Prazepam in Normal Subjects. I. Clinical Data
Ansseau, M.; von Frenckell, R.; Jacqmin, P............................ 77

Biological Psychology/Pharmacopsychology

Platelet Serotonin Uptake and Effects of Vitamin B6-Treatment in Premenstrual Tension
Malmgren, R.; Collins, A.; Nilsson, C.-G................................. 83

Personality Correlates of Platelet Monoamine Oxidase (MAO) Activity in Female and Male Subjects
af Klinteberg, B.; Schalling, D.; Edman, G.; Oreland, L.; Åsberg, M................................................................. 89

Pharmacoelectroencephalography

Psychotropic Drug Profiles: Comparisons by Topographic Maps of Absolute Power (With 1 color plate)
Coppola, R.; Herrmann, W.M............................................. 97

Effects of Fenfluramine on EEG and Brainstem Average Evoked Response in Infantile Autism. Preliminary Investigation Raz, N.; Pritchard, W.S.; August, G.J................................. 105

Obtaining the EEG Envelope in Real Time: A Practical Method Based on Homomorphic Filtering
Gimeno, V................................................................. 110
Biological Psychiatry
Effect of Pimozide on Positive and Negative Symptoms in Schizophrenic Patients: Are Negative Symptoms State Dependent?
van Kammen, D.P.; Hommer, D.W.; Malas, K.L.................... 113
The Effect of Chronically Administered Mianserin, 8-Hydroxy-mianserin and Desmethylmianserin on the Open Field Behaviour and Brain Noradrenaline Metabolism in the Olfactory Bullectomized Rat
Leonard, B.E.; O’Connor, W.T ........................................... 118

Pharmacopsychiatry
Experimental Comparison of the Effectivity of Individually Adapted and Standardized Dosages of Haloperidol
Klieser, E.; Lehmann, E .................................................... 122

Biological Psychology/Pharmacopsychology
Correlation of Thyroxine and Thyroid-Stimulating Hormone with Personality Measurements: A Study in Psychosomatic Patients and Healthy Subjects
Arqué, J.M.; Segura, R.; Torrubia, R....................................... 127
Drugs as Tools for Research in Neuropsychobiology: A Historical Perspective
Russell, R.W........................................................................ 134
Effects of Experimentally Induced Respiratory Virus Infections and Illness on Psychomotor Performance
Smith, A.P.; Tyrrell, D.A.J.; Al-Nakib, W.; Coyle, K.B.; Donovan, C.B.; Higgins, P.G.; Willman, J.S............... 144

Pharmacoelectroencephalography
Contingent Negative Variation and Reaction Time in Patients with Presenile Idiopathic Cognitive Decline and Presenile Alzheimer-Type Dementia. Preliminary Report on Long-Term Nicergoline Treatment
Zappoli, R.; Arnetoli, G.; Paganini, M.; Versari, A.; Battaglia, A.; Grignani, A.; Sacchetti, G.............................. 149
Segmentation of the EEG by Minimization of the Total Gain in Information
Reschenhofer, E.; Vollmer, R.; Deistler, M.................................. 155
Neocortical Rhythmic Slow Activity during Wakefulness and Paradoxical Sleep in Rats
Depoortere, H ....................................................................... 160
