## Table of Contents Vol. 7, No. 1, 2008

**EDITORIAL**

9  **Management of pancreatic duct stone**  
Li L and Zhang SN  
*Kunming, China*

**REVIEW ARTICLES**

11  **Radical resection of pancreatic cancer**  
Koliopanos A, Avgerinos C, Farfaras A, Manes C and Dervenis C  
*Athens, Greece*

19  **Correction of disturbed pathophysiology of hepatic failure by albumin dialysis**  
Williams R  
*London, UK*

**ORIGINAL ARTICLES**

**Transplantation**

25  **Effects of rapamycin in liver transplantation**  
Chen YB, Sun YA and Gong JP  
*Chongqing, China*

29  **Immunomodulatory effects of mesenchymal stem cells derived from adipose tissues in a rat orthotopic liver transplantation model**  
Wan CD, Cheng R, Wang HB and Liu T  
*Wuhan, China*

**Liver**

34  **Color Doppler velocity profile and contrast-enhanced ultrasonography in assessment of liver cirrhosis**  
Lin LW, Duan XJ, Wang XY, Xue ES, He YM, Gao SD and Yu LY  
*Fuzhou, China*

40  **Prognostic factors for chronic severe hepatitis and construction of a prognostic model**  
*Tianjin, China*
45 **Expression of CXC chemokine IP-10 in patients with chronic hepatitis B**  
Wang J, Zhao JH, Wang PP and Xiang GJ  
*Huainan, China*

51 **An experimental study of extracellular signal-regulated kinase and its interventional treatments in hepatic fibrosis**  
*Chengdu, China*

**Biliary**

58 **Differences and significance of motilin, vasoactive intestinal peptide and gastrin in blood and gallbladder tissues of patients with gallstones**  
*Shenyang, China*

65 **Levels of serum leptin, cholecystokinin, plasma lipid and lipoprotein differ between patients with gallstone or/and those with hepatolithiasis**  
Lei ZM, Ye MX, Fu WG, Chen Y, Fang C and Li J  
*Luzhou, China*

70 **Correlation of aPKC-ι and E-cadherin expression with invasion and prognosis of cholangiocarcinoma**  
Li Q, Wang JM, Liu C, Xiao BL, Lu JX and Zou SQ  
*Wuhan, China*

76 **Relationship between the GH-IGFs axis and the proliferation of bile duct cancer cell line QBC939 in vitro**  
Cai HH, Sun YM, Bai JF, Shi Y, Zhao HL and Miao Y  
*Nanjing, China*

**Pancreas**

82 **Pancreaticoduodenectomy with radical lymphadenectomy is not contraindicated for patients with established chronic liver disease and portal hypertension**  
Sethi H, Srinivasan P, Marangoni G, Prachalias A, Rela M and Heaton N  
*London, UK*

86 **Expression of the tumor suppressor gene maspin and its significance in intraductal papillary mucinous neoplasms of the pancreas**  
Kashima K, Ohike N, Mukai S, Sato M, Takahashi M and Morohoshi T  
*Tokyo, Japan*

91 **Effects of different free fatty acids on insulin resistance in rats**  
Han P, Zhang YY, Lu Y, He B, Zhang W and Xia F  
*Shenyang, China*
CASE REPORTS

97 Orthotopic liver transplantation for patients with Caroli's disease
Wang ZX, Yan LN, Li B, Zeng Y, Wen TF and Wang WT
Chengdu, China

101 Chronic pancreatitis: a sequela of acute fatty liver of pregnancy
Apiratpracha W, Yoshida EM, Charles SH, Weiss AA and Byrne MF
Vancouver, Canada

LETTERS TO THE EDITOR

105 Mixed hepatocellular-cholangiocarcinoma may derive from "hepatogones"
Hunt JP and Varnholt H
Springfield, USA

105 The authors reply
Zhou YM, et al
Shanghai, China

106 Pancreatic ductal adenocarcinoma associated with pancreatic ductal intraepithelial neoplasia
Bhanot UK
Ulm, Germany

MEETINGS AND COURSES
