2nd International Congress of Neuroendocrinology

Neuroendocrinology 1990;52(suppl 1):I-V

Abstracts, Vol. 52(suppl 1), 1990
Bordeaux, France June 24–29, 1990

Guest Editors:
J.D. Vincent, Bordeaux  D.A. Poulain, Bordeaux
Drug Dosage

The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.
# Contents

Plenary Lectures  
**PL.1-PL.4** 1

Symposium Lectures  
**S1.1-S16.4** 4

Posters  
**P1.1-P1.135** 38  
**P2.1-P2.140** 72  
**P3.1-P3.136** 107  
**P4.1-P4.121** 141

Author Index 172
Opening Ceremony
Poster Session
Pl (P1.1-P1.135)
Plenary Lecture
PL  Nerve growth factor: from molecule to memory
Symposia
Development - growth factors
Hormones and adaptative behavior
Neuropeptides and the immune system
Comparative neuroendocrinology
Tuesday June 26, 1990
Poster Session
P2  (P2.1-P2.140)

Plenary Lecture
PL2  The role of calcium in intracellular signalling in the central nervous system

Symposia
Ionic channels and regulation of secretion
Hormones and reproductive behavior
Intracellular signalling
Neuroendocrinology and biological rhythms

Wednesday  June 27, 1990
A day in the Dordogne Valley, with an Honorary Lecture by Roger Guillemin (La Jolla, USA)
Summary of Events
Thursday  June 28, 1990  Poster Session
P3  (P3.1-P3.136)
Plenary Lecture
PL3  Steroid control of neuronal interactions and function
Symposia
S9  Hormonal control of neuroendocrine gene expression
Neuroendocrinology of growth
Cell to cell communications
Aging

Friday  June 29, 1990  Poster Session
P4  (P4.1-P4.123)
Plenary Lecture
PL4  Diversity in the gene expression of neuropeptides
Jacques Benoit Prize Lecture
Symposia
Neuropeptides from genes to pathology
Gene expression of neuroendocrine receptors
Transcription factors, oncogenes and neuroendocrine gene promoters
Recent advances on pituitary tumors
