This publication can be ordered only from S. Karger AG (see overleaf)
To enhance medical communication in the birth defects field, the March of Dimes Birth Defects
Foundation publishes the Birth Defects Atlas and Compendium, an Original Article Series, a
Reprint Series, Syndrome Identification, and provides a series of films and related brochures.
Further information can be obtained from:

Contents
Introduction
K. Berg 1
Peter John Langford Cook
E.B. Robson 5
Plenary Presentations
The human genome through the eyes of a clinical geneticist
V.A. McKusie 7
The contribution of chromosome aberrations to the precision of human gene mapping
M.A. Ferguson-Smith and D.A. Aitken 24
The use of computers
J.H. Edwards 43
Application of DNA analysis to mapping the human genome
E.M. Southern 52
Strategies for detecting and characterizing restriction fragment length polymorphisms (RFLP’s)
M.H. Skolnick and R. White 58
Suppression of tumorigenicity
H.P. Klinger 68
Identification and mapping of human mitochondrial genes
G. Attardi, A. Chomyn, J. Montoya, and D. Ojala 85
Mapping of polypeptide genes by two-dimensional gel electrophoresis of hybrid cell extracts
R.T. Taggart and U. Francke 99
vi Contents
Committee Reports
Report of the committee on the genetic constitution of chromosome
PJ.L. Cook and J.L. Hamerton
Report of the committee on the genetic constitution of chromosomes 2, 3, 4, and 5
PJ. McAlpine and D. Bootsma
Report of the committee on the genetic constitution of chromosome 6
L.R. Weitkamp and L.U. Lamm 130

Report of the committee on the genetic constitution of chromosomes 7, 8, and 9
E.B. Robson and P. Meera Khan 144

Report of the committee on the genetic constitution of chromosomes 10, 11, and 12
P.S. Gerald and O.J. Miller 153

Report of the committee on the genetic constitution of chromosomes 13 to 22
M.A. Ferguson-Smith and A. Westerveld 161

Report of the committee on the genetic constitution of the X and Y chromosomes
O.J. Miller and M. Siniscalco 179

Report of the committee on unassigned linkage groups
J.H. Edwards and V.A. McKusick 191

Report of the committee on human gene mapping by recombinant DNA techniques
M.H. Skolnick and U. Francke 194

Chromosome rearrangements in acquired malignant diseases
R. Berger, A. Bernheim, and A. de la Chapelle 205

Report of the committee on comparative mapping

The 1981 catalogue of assigned human genetic markers and report of the nomenclature committee
T.B. Shows and P.T. McAlpine 221

Abstracts
Arranged alphabetically by authors; see subject index for topics 247
