Correction to paper in Vol. 61:55-57 (1992)
Interstitial hybridization sites of the (TTAGGG)₄ telomeric sequence on the chromosomes of some North American hylid frogs
I.E. Wiley, J. Meyne, M.L. Little, and J.C. Stout
Two chromosomes were mistakenly left off of Fig. 1a in the above report. The interstitial hybridization sites on the missing chromosomes were identical to those on the other homologs.
