Switzerland – Suisse – Schweiz

Italy – Italia – Italien
Torino: Professor Giuseppe Levi, who had to leave Italy under the Fascist Government and later on was forced to hide himself from the Germans and the Neofascists, has been reappointed as Professor of Anatomy and Head of the Department of Anatomy.

Changes in the teaching staffs of the Universities in Scandinavian countries since the beginning of the war.

Changements dans le corps enseignant des universités des pays scandinaves depuis le début de la guerre.

Veränderungen im Lehrkörper der Universitäten in den skandinavischen Ländern seit Kriegsbeginn.

Denmark:
Copenhagen: During the world war II a new, modern building for the Department of Anatomy under the Faculty of Medicine, University of Copenhagen, was inaugurated. The building is situated in the new University Park in the northeastern part of the city. The Head of the Department is Professor Harald Okkels, M. D., Associated Professor E. Landboe-Christensen, M. D. and Assistant Professor Erik Andreasen, M. D.

In connection with this Department another Institution is housed in a separate wing of the building, namely the laboratories for Comparative Anatomy and Zootomy under the Faculty of Natural Sciences. The Head of this Department is Professor C. M. Steenberg, Ph. D., Associated Professor C. Thysden-Meinertz, Ph. D.
