Drug Dosage

The authors and the publisher have exerted every effort to ensure that drug selection and dosage
set forth in this text are in accord with current recommendations and practice at the time of
publication. However, in view of ongoing research, changes in government regulations, and the
constant flow of information relating to drug therapy and drug reactions, the reader is urged to
check the package insert for each drug for any change in indications and dosage and for added
warnings and precautions. This is particularly important when the recommended agent is a new
and/or infrequently employed drug.
In memoriam
Gerhard Wolf-Heidegger (1910-1986)

Editorial
On Counting Cranial Nerves
O’Rahilly, R

Original Paper
Ultrastructural Study of Contacts between Cells of the Dorsal Ectoderm and Chordamesoderm during Gastrulation in Xenopus laevis
Bates, A.W.; Burgess, A.M.C.; Field, C.M.; Katchburian, E.

Disruption of Sustentacular (Sertoli) Cell Tight Junctions and Regression of Spermatogenesis in Vitamin-A-Deficient Rats
Huang, H.F.S.; Yang, C.S.; Meyenhofer, M.; Gould, S.; Boccabella, A.V

Histology of the Caprine Hemal Node
Ezeasor, D.N.; Singh, A

Microcirculation of the Coronary Band of the Equine Hoof
Marais, J.; Masty, J

Metabolic and Phagocytic Activities of the Mouse Retina after 6-Hydroxydopamine Treatment

Comparative Anatomical Study of Arteriographs of the Hand of Primates. Deep Palmar Arterial Arches and Their Correlating Arteries in Cercopithecia, Pongidae and Hominidae
Ikeda, A.; Matsumoto, S.; Tanaka, H

Mechanoreceptors in the Human Medial Meniscus
Zimny, M.L.; Albright, D.J.; Dabezies, E

Development and Growth of Palatal Rugae in the Mouse
