A Possible Case of Alpha-Beta Thalassemia

L.		Bernini
C.F.		Colucci
D.		De Michele
S.		Piomelli
M.		Siniscalco

Due to some unfortunate occurrences this paper which appeared in Acta genet. 12: 202-208 (1962) was printed without the list of references being included. The authors and editors regret this misadventure and give the complete list below.
