A Tribute to Eberhard Frömter

C.	Christoph	Korbmacher
G.	Gábor	Kottra
F.	Florian	Lang

This issue of *Cellular Physiology and Biochemistry* is dedicated to Prof. Dr. E. Frömter on the occasion of his 60th birthday. Several of his colleagues and scholars have decided to contribute original research articles to this honorary issue, in order to express their appreciation for his outstanding achievements in the field of transport physiology.
