Dig Dis 1990;8:I-IV

Contents, Vol. 8, 1990

No. 1 Natural History of Biliary Stones
Mok, H.Y.; Ryan, K.G  1
Pharmacological Aspects and Therapeutic Effects of Ursodeoxycholic Acid
Leuschner, U.; Kurtz, W  12
Gastrointestinal Transit Disorders in Patients with Insulin-Treated Diabetes mellitus
Wegener, M; Börsch, G.; Schaffstein, J.; Luerweg, C.; Leverkus, F  23
Peritoneal Adhesions: Causes and Prevention
Almdahl, S.M.; Burhol, P.G  37
Radiation and the Small Intestine. Future Perspectives for Preventive Therapy

No. 2 Update on Primary Biliary Cirrhosis
Triger, D.R  61
Bacterial Enzymes: Their Role in the Formation of Mutagens and Carcinogens in the Intestine
Mallett, A.K.; Rowland, I.R  71
Stress Ulceration and Gastric Function in the Critically Ill Patient
Stannard, V.A.; Farquhar, I.K.; Morris, D.L  80
Food Allergy and Digestive Pathology: Pathophysiologic, Diagnostic and Therapeutic Aspects
Ciprandi, G; Scordamaglia, A.; Canoica, G.W  89
Patterns, Mechanisms and Signals for Intestinal Adaptation
Biofeedback Therapy for Fecal Incontinence
Loening-Baucke, V  112

No. 3 Computer-Aided Diagnosis and Decision-Making in Acute Abdominal Pain
Fenyö, G  125
Fulminant Hepatic Failure
Martin, P.; Pappas, S.C  138
Ascites Formation in Liver Cirrhosis: The How and the Why
Henriksen, J.H.; Ring-Larsen, H  152
Significance of the Intestinal Gradient of Diamine Oxidase Activity
Thompson, J.S 163
Intestinal Absorption of Macromolecules and Small Particles
Seifert, J.; Sass, W  169
Diagnosis and Treatment of Fecal Incontinence
Bielefeldt, K.; Enck, P.; Wienbeck, M  179

IV

Contents
No. 4 Feedforward and Feedback Control Mechanisms in the Gut. With Special Emphasis on Inhibitory Feedback by Nutrients in the Distal Small Bowel and Colon
Spiller, R.C 189
Idiopathic Retroperitoneal Fibrosis – An Update
Higgins, P.M.; Aber, G.M 206
Hypnotherapy for Selected Gastrointestinal Disorders
Whorwell, P.J 223
Obstruction of the Hepatic Veins
Valla, D 226
Stomas in Colorectal Surgery: Options and Alternatives
Nasmyth, D.G 240
No. 5 Inflammatory Products of Commensal Bacteria and Gastro-Intestinal Disorders
Chadwick, V.S.; Anderson, R.P 253
Gastrointestinal Side Effects of the Nonsteroidal Anti-Inflammatory Drugs
Taragin, M.I.; Carson, J.L.; Strom, B.L 269
Epidemiological Evidence on Coffee and Digestive Tract Cancers: A Review
La Vecchia, C 281
Pyogenic Liver Abscess: A Review of Aetiology, Diagnosis and Intervention
Srivastava, E.D.; Mayberry, J.F 287
Solitary Rectal Ulcer Syndrome: Aetiology, Investigation and Management
Mackle, E.J.; Parks, T.G 294
Neonatal Necrotising Enterocolitis. An Update
Hoy, C.M.; Millar, M.R.; Mackay, P 305
No. 6 Yersinia enterocolitica: Intestinal Features
Gurguí Ferrer, M.; Prats Pastor, G.; Mirelis Otero, B 313
Helicobacter pylori: Its Role in Gastro Disease (With 1 color plate)
Vaira, D.; Holton, J.; Dowsett, J.; Oderda, G.; Barbara, L 322
Bacterial Short Chain Fatty Acids: Their Role in Gastrointestinal Disease
Ramakrishna, B.S.; Roediger, W.E.W 337
Twenty-Four-Hour Intragastric Acidity. An Update
Masoero, G.; Rossanino, A.; de la Pierre, M 346
Philosophers and Stones in Acute Pancreatitis
Neoptolemos, J.P.; Imray, C; Hall, C 354
Endogenous Opioids, the Enteric Nervous System and Gut Motility
Kromer, W 361
Author Index 374
Subject Index 375
Suppl. 1 Long-Term Intragastric pH Measurement in Man. Basic and Methodological Aspects
