Contents Vol. 12, 1994

No. 1
Publisher’s Note 1
Diamine Oxidase: An Overview of Historical, Biochemical and Functional Aspects Wolvekamp, M.C.J.; de Bruin, R.W.F. 2
Mechanisms of Small Intestinal Adaptation Jenkins, A.P.; Thompson, R.P.H. 15
Nitric Oxide: An Ubiquitous Actor in the Gastrointestinal Tract Guslandi, M. 28
Cytoprotection with Misoprostol: Use in the 37 Treatment and Prevention of Ulcers Ballinger, A. 46
Chronic Refractory Diarrhoea: A Manifestation of Endocrine Disorders Alam, M.J. 62
Intestinal Fistulas with a Somatostatin Analog Kocak, S.; Bumin, C; Karayalcin, K.; Alacayk, I.; Aribal, D. 68
Announcement 68

No. 2
The Irritable Bowel Syndrome: Motility, Mind or 69 Message? Variations on an Enigma Quigley, E.M.M. 72
Intestinal Motor Function in Irritable Bowel Syndrome Gorard, D.A.; Farthing, M.J.G. 72
Calcium Supplementation as Prophylaxis against Colon Cancer? Kleibeuker, J.H.; Cats, A.; van der Meer, R.; Lapré, J.A.; de Vries, E.GE 85
Barrett’s Oesophagus 98
Thomsen Bernstein, I.; Kruse, P.; Bak Andersen, I.
Hirschsprung’s Disease and Mimicking 106 Conditions Doig, CM.
Surgery for Gastric Cancer Wyman, A.; Karatsis, P.; Rogers, K. 117

No. 3
Editorial
Passing of the Torch Achem, S.R. 127
A Diagnostic Approach to Pancreatic Cancer Foutch, P.G. 129
Alpha-1-Antitrypsin Deficiency and Liver Disease
Propst, T.; Propst, A.; Dietze, O.; Judmaier, G;
Braunsteiner, H.; Vogel, W.
Hydatid Liver Disease: A Perspective in Treatment
Mente§, A.
Metal Stents for Malignant Biliary Obstruction Laméris, J.S.; Stoker, J.
Vegetarianism, Dietary Fibre and Gastro-Intestinal Disease
Nair, P.; Mayberry, J.F.
Infertility, Obstetric and Gynaecological Problems in Coeliac Sprue Sher, K.S.; Jayanthi, V.; Probert, C.S.J.; Stewart, C.R.; Mayberry, J.F.
Hepatobiliary Complications in Adults Receiving Nutrition Support Fleming, C.R.
Intestinal Manometry in Man: A Historical and Clinical Perspective Quigley, E.M.M.
NSAID-Induced Peptic Ulcer Disease: A Critical Review of Pathogenesis and Management Scheiman, J.M.
Osteoporosis in Chronic Liver Disease: Pathogenesis, Risk Factors, and Management McCaughan, G.W.; Feller, R.B.
Leukocyte-Endothelial Cell Interactions: Implications for the Pathogenesis and Treatment of Gastrointestinal Disease Panés, J.; Granger, D.N.
Is Vitamin E Depleted in Crohn’s Disease at Initial Diagnosis?
Kuroki, F.; Iida, M.; Tominaga, M.; Matsumoto, T.; Kanamoto, K.; Fujishima, M.
Sulindac Therapy of Colorectal Polyps in Familial Adenomatous Polyposis Tonelli, F.; Valanzano, R.; Dolara, P.
Hepatitis Delta Virus Infection: Molecular Biology and Treatment Carreño, V.; Bartolome, J.; Madejon, A.
Alcohol and the Risk of Cancers of the Stomach and Colon-Rectum Franceschi, S.; La Vecchia, C.
Cytokines (Immunoinflammatory Hormones) and Their Natural Regulation in Inflammatory Bowel Disease (Crohn’s Disease and Ulcerative Colitis): A Review Brynskov, J.; Haagen Nielsen, O.; Ahnfeldt-Ronne, I.; Bendtzen, K.
The Role of Blood Flow in Gastrointestinal Mucosal Defence, Damage and Healing Sørbøye, H.; Svanes, K.
