
No. 1  General Cardiology
In vivo Mechanisms of Myocardial Functional Stability during Physiological Interventions
Insulinemia and Blood Pressure Responses to Oral Glucose Load in Primary Hypertensive Patients
Muscelli, E.O.A.; Abdalla Saad, M.J.; Rocha Gontijo, J.A  14
Arrhythmias, Electrophysiology and Electrocardiography
Acetylcholine, Ca2+ Overload and Oscillatory Potentials in Isolated Ventricular Myocytes
Yang, L.; Vassalle, M  20
Catheterization and Interventional Cardiology
Heparin Pharmacokinetics and in vitro Anticoagulant Activity in Patients Receiving Non-ionic Radiographic Contrast Media
Clinical Pharmacology
Effect of Nisoldipine on Exercise Performance in Heart Failure following Myocardial Infarction
Anti-Ischemic Effects of Cilazapril in Patients with both Hypertension and Angina pectoris
Preliminary Report of a Pilot Study
Schneeweiss, A.; Marmor, A.T.; Retting-Stürmer, G 46
Coronary Care
Seminars in Thrombosis, Thrombolysis and Vascular Biology. 3. Platelet Activity in Cardiovascular Disease
Becker, R.C  49
Contents
Relative Prognostic Value of Clinical Heart Failure and Early Echocardiographic Parameters in Acute Myocardial Infarction
Berning, J.; Steensgaard-Hansen, F.; Appelyard, M. 64
Diagnostic Cardiology
Prognosis following Interventional Therapy for Acute Myocardial Infarction: Utility of Dipyridamole Thallium Scintigraphy
Hendel, R.C.; Gore, J.M.; Alpert, J.S.; Leppo, J.A  73
Editorial
Educating the Population at Risk
Paraskos, J.A  81
General Cardiology
Blood Pressure and Sleep Apnea: Results of Long-Term Nasal Continuous Positive Airway
Pressure Therapy
Mayer, J.; Becker, H.; Brandenburg, U.; Penzel, T.; Peter, J.H.; Wichert, P. v  84
The Natural Course of Cardiac Conduction Disturbances in Myotonic Dystrophy
Fragola, P.V.; Autore, C; Magni, G.; Antonini, G.; Picelli, A.; Cannata, D  93
Anticardiolipin Antibody and Stroke: Possible Relation of Valvular Heart Disease and Embolic Events
Barbut, D.; Borer, J.S.; Wallerson, D.; Ameisen, O.; Lockshin, M  99
Clinical Pharmacology
Ventricular Late Potentials in the Assessment of Mitoxantrone Cardiotoxicity
de Leonards, V.; Bartalucci, S.; Cinelli, P.; De Scalzi, M.; Becucci, A.; Lottini, G.; Nerl, B. 110
Diltiazem Inhibits the Spontaneous Platelet Aggregation in Essential Hypertension
Pecháň, J.; Okrucká, A  116
Coronary Care
Right Ventricular Aneurysm: A New Prognostic Indicator after a First Acute Myocardial Infarction
Antonelli Incalzi, R.; Capparella, O.; Gemma, A.; Puglielli, L.; Bonetti, M.G.; Carbonin, P. 120
Effect of a Media Campaign to Reduce Delay Times for Acute Myocardial Infarction on the Burden of Chest Pain Patients in the Emergency Department
Diagnostic Cardiology
Detection Sensitivity of Coronary Artery Stenosis by 99mTc-Sestamibi and 201T1 in Canine Models of Partial and Subcritical Stenosis
Mousa, S.A.; Cooney, J.M 135
Case Reports
Left Ventricular Intramyocardial Rhabdomyoma Suggested by Coronary Angiography
Yanagisawa, H 146
Diagnosis of an Aorto-Caval Fistula by Echo 2D Color Doppler Flow Imaging and Echo cardiological Probe
Bolognesi, R.; Tsialtas, D.; Manca, C151
Contents V
Diffuse Aortitis Complicating Behcet’s Disease Leading to Severe Aortic Regurgitation
Tai, Y.-T.; Fong, P.-C; Ng, W.-F.; Fu, K.-H.; Chow, W.-H.; Lau, C.-P.; Wong, W.-S. 156
Successful Emergency Percutaneous Balloon Mitral Valvotomy in a Patient with Massive Left Atrial Thrombosis: Utility of Transesophageal Echocardiographic Monitoring
Chirillo, F.; Ramondo, A.; Dan, M.; Rampazzo, C; Chiòin, R  161
No. 3 General Cardiology
Evaluation of Cardiac Structures and Function in Systemic Sclerosis by Doppler Echocardiography
Maione, S.; Valentini, G.; Giunta, A.; Migliaresi, S.; Itri, F.; Picillo, U.; Tirri, G.; Condorelli, M  165
Transient Myocardial Perfusion Abnormalities in Diabetic Patients: A Prospective Study Using Thallium Exercise Tolerance Testing
Chipkin, S.R.; Gottlieb, P.; Lundstrom, R.; Leppo, J.; Aronin, N  172
Clinical Pharmacology
Cardiac Structure and Function before and after Acute and Chronic Verapamil Administration in Hypertensive Patients
Cuspidi, C; Sampieri, L; Boselli, L; Bragato, R.; Lonati, L.; Bocciolone, M.; Leonetti, G.; Zanchetti, A 180
Coronary Care
Seminars in Thrombosis, Thrombolysis and Vascular Biology. 4. Fibrinolysis
Becker, R.C 188
Effect of Serum Total Cholesterol on Hemorrhagic Complications following Thrombolytic Therapy for Acute Myocardial Infarction
Caputo, R.; Corrao, J.M.; Lew, R.; Becker, R.C 211
Editorial: Diagnostic Cardiology
Should 18F Deoxyglucose Scans Be Indicated for Care of Patients with Coronary Artery Disease?
Bianco, J.A.; Wilson, M.A 219
Exercise and Cardiac Rehabilitation
Electrocardiographic Findings according to Sex in Athletes and Controls
Storstein, L; Bjørnstad, H.; Hals, O.; Meen, H.D 227
Case Report
Catecholamine-Sensitive Right Ventricular Tachycardia in the Absence of Structural Heart Disease: A Mechanism of Exercise-Induced Cardiac Arrest
Wesley, R.C, Jr.; Taylor, R.; Nadamanee, K 237
Letter to the Editor
Cheng, T.O 244
No. 4 Cardiac Catheterization and Interventional Cardiology
Percutaneous Transluminal Coronary Angioplasty of a Coronary Artery Stenosis at the Site of Myocardial Bridging
Laifer, L.I.; Weiner, B.H 245
VI Contents
Clinical Pharmacology
A Comparison of Epanolol and Nifedipine in Stable Angina Patients: Results of a Multi-centre Trial
Blake, P.; Berry, S.C.; Readman, A.; Ratcliffe, M; Godley, M 249
Coronary Care
Evaluation of Intensified Prehospital Treatment in Out-of-Hospital Cardiac Arrest: Survival and Cerebral Prognosis. The Odense Ambulance Study
Seminars in Thrombosis, Thrombolysis, and Vascular Biology. Part 5: Cellular Rheology and Plasma Viscosity
Becker, R.C 265
Prognosis in Patients with ST-T Changes but No Rise in Serum Enzyme Activity as Compared with Non-Q-Wave Infarction
Karlson, B.W.; Herlitz, J.; Richter, A.; Sjölin, M.; Hjalmarson, Å 271
Diagnostic Cardiology
Predictive Value of a Negative Exercise Electrocardiogram
Laslett, L.J.; Rubin, B.J.; Brinthurst, E.; Amsterdam, E.A 280
Exercise and Cardiac Rehabilitation
Left Ventricular Function Immediately after Exercise in Elite Cyclists
Electrocardiographic Findings in Athletic Students and Sedentary Controls
Bjørnstad, H.; Storstein, L.; Meen, H.D.; Hals, 0 290
Case Reports
Echocardiographic and Color Doppler Flow Diagnosis of Double-Chambered Right Ventricle
Cosyns, J.R.; Vanoverschelde, J.-L.; Raphael, D 306
Dissecting Aortic Aneurysm – Failure of Standard Noninvasive and Invasive Diagnostic Techniques
Barasch, E.; Vered, Z.; Shotan, A.; Freimark, D.; Rabinowitz, B 309
Author Index 314
Subject Index 316
Suppl. 1 24-Hour ACE Inhibition: Current and Future Perspectives
ICI-Sponsored Satellite Symposium to the International Meeting on ACE Inhibition, London, February 20, 1991 Editor: C. Johnston, Melbourne
Suppl. 2
International Experience with Nitrates
Editors: A. Schneeweiss, Bad Schwalbach; M. Weiss, Monheim
