Growth Hormone Responses to Sleep, Insulin Hypoglycaemia and Arginine Infusion
Ward, P.S.; Savage, D.C.L  7

Comparison of Growth Hormone Sleep Release and Responses to Pharmacological Tests
Gamier, P.E.; Raynaud, F.; Job, J.C  12

Comparison of Spontaneous Growth Hormone Secretion during Daytime and Sleep in Children with Short Stature
Sanz, M.T.; Rochiccioli, P  17

Plasma Growth Hormone Response to Synthetic GH-RP 44 in 52 Children and Adults with Growth Hormone Deficiency of Various Etiologies

Effect of Growth Hormone-Releasing Factor on Plasma Growth Hormone, Prolactin and Somatomedin C in Hypopituitary and Short Normal Children
Van Vliet, G.; Bosson, D.; Robyn, C; Craen, M.; Malvaux, P.; Vanderschueren-Lodeweyckx, M.; Wolter, R  32

Effect of Acute Intravenous Growth Hormone-Releasing Factor on Plasma Prolactin in Short Children and Patients with Growth Hormone Deficiency
Chatelain, P.G.; Sassolas, G.; Catbeh, N.; Bio-Laporte, S.; Ferry, S.; Claustret, B.; David, M.; Francois, R  46

The Use of Growth Hormone-Releasing Hormone in the Diagnosis and Treatment of Short Stature
Grossman, A.; Savage, M.O.; Blacklay, A.; Ross, R.M.; Plowman, P.N.; Preece, M.A.; Coy, D.H.; Besser, G.M  52

Asymptomatic Primary Empty Sella in a 14-Year-Old Girl: Comparison of Computer Tomography and Nuclear Magnetic Resonance Imaging
Petrykowski, W. v.; Reinwein, H.; Ostertag, C; Furmaier, R  58

Final Stature in Brain Tumors Other than Cranio-pharyngioma: Effect of Growth Hormone
Herber, S.M.; Dunsmore, I.R.; Milner, R.D.G.  63

Delayed Puberty and Hypoplastic Uterus Associated with Hyperprolactinemia:
Successful Treatment with Bromocriptine
Kaufi, R.; Schoenfeld, A.; Ovadia, Y.; Math, S.; Assa, S.; Laron, Z 68

Problems in the Use of Pulsatile Gonadotrophin-Releasing Hormone for the Induction of Puberty
Stanhope, R.; Abdulwahid, N.A.; Adams, J.; Jacobs, H.S.; Brook, C.G.D 74

Precocious Puberty Secondary to Cranial Irradiation for Tumors Distant from the Hypothalamo-Pituitary Area
Brauner, R.; Rappaport, R 78

Contents

Increased Peripheral Aromatase Activity in Pre-pubertal Children with Partial Androgen Insensitivity Syndrome
Chabab, A.; Sultan, C 83

Analysis of Androgen-5α-Reductase by an Enzyme Kinetic Method
Herkner, K.; Swoboda, W.; Gödl, U.; Schaupal, R. 89

Pre-Pubertal Gynaecomastia as the Presenting Feature of Late-Onset 21-Hydroxylase Deficiency
Auchterlonie, L.A.; Cameron, J.; Wallace, A.M.; Rudd, B.T.; Hudson, M.; Small, P.J 94

Absent Spermatogenesis despite Early Bilateral Orchidopexy in 17α-Ketoreductase Deficiency
Dumic, M.; Plavsic, V.; Fattorini, I.; Ille, J 100

Bromocriptine Treatment in Tall Adolescents: Two Years of Clinical Experience

Free Thyroxine Measurement by One-Step Method in the Plasma of Treated and Untreated Hypothyroid Infants
Toublanc, J.E.; Fulla, Y.; Ingrand, J.; Job, J.C. 110

Studies on the Hormonal Regulation of Fuel Metabolism in the Human Newborn Infant Undergoing Anaesthesia and Surgery
Anand, K.J.S.; Brown, M.J.; Bloom, S.R.; Aysnley-Green, A 115
