Contents, Vol. 23, 1979

No. 1

To Our Readers.

Editorial

Massry, S.G.; Feinstein, E.; Goldstein, D.A.: Early Dialysis in Diabetic Patients with Chronic Renal Failure

Original Paper

Hall, C. L.; Blainey, J.D., and Gaffney, P.J.: Origin of Urinary Fibrin-Fibrinogen Degradation Products in Renal Glomerular Disease

Tajiri, M.; Aizawa, Y.; Yuasa, Y.; Ohmori, T.; Nara, Y., and Hirasawa, Y.: Autonomic Nervous Dysfunction in Patients on Long-Term Hemodialysis

Meberg, A.; Haugen, H.; Akesson, I., and Sande, H.: Uromucoid (Tamm-Horsfall’s Mucoprotein) in Amniotic Fluid and in Urine in Children

Monnens, L.; Wieringen, P. van; Lambooy, I., and Munster, P. van: Development of Glomerular Fibrinolytic Activity in the Rat

Patel, R. and Savage, A.: Symptomatic Hypomagnesemia Associated with Gentamicin Therapy

No. 2-3

Hypertension, Steroid and Mineral Metabolism.

Symposium dedicated to Frederic C. Bartter

Liddle, G. W.: Dedication to Frederic Crosby Bartter

Chan, J.C.M.: Foreword to Symposium on Hypertension, Steroid and Mineral Metabolism
Hypertension Mills, I.H.: Kallikrein, Kinogen und Kinins in Control of Blood Pressure 61
Yun, J. C. H.: On the Control of Renin Release 72
Chan, J.C.M.: Control of Aldosterone Secretion 79
Lake, C. R.: Relationship of Sympathetic Nervous System Tone and Blood Pressure 84
Delea, C.S.: Chronobiology of Blood Pressure 91
Bryan, G.T. and Brouhard, B.H.: Hypertension in Children: Endocrine Aspects 106
Biglieri, E.G.: Effect of Posture on the Plasma Concentrations of Aldosterone in Hypertension and Primary Hyperaldosteronism 112
Steroid and Mineral Metabolism
Gill, J. R., jr.: Neural Control of Renal Tubular Sodium Reabsorption 116
Gann, D.S.: Cortisol Secretion after Hemorrhage: Multiple Mechanisms 119
Newsome, H.H., jr.: Vasopressin: Deficiency, Excess and the Syndrome of Inappropriate Antidiuretic Hormone Secretion 125
Simopoulos, A.P.: Growth Characteristics in Patients with Bartter’s Syndrome 130
Broadus, A.E.: Nephrogenous Cyclic AMP as a Parathyroid Function Test 136
Pak, Ch.Y.C.: Kidney Stones: Various Forms and Treatment 142
Bell, N.H.: Hypercalcemic and Hypocalcemic Disorders: Diagnosis and Treatment 147
Chan, J.C.M.: Acid-Base, Calcium, Potassium and Aldosterone Metabolism in Renal Tubular Acidosis 152
No. 14
Editorial 159
Kjellstrand, CM.: Are Malignancies Increased in Uremia? Original Paper
Schena, F.P.; Selvaggi, F.P.; Salvatore, C; Barbuti, S.; Marzullo, F.; Tallarigo, A., and Bonomo, L.: Immunological and Bacteriological Studies in Chronic Pyelonephritis Associated with Kidney Stones 162
Willimann, P.; Alig, A., and Binswanger, U.: Minimal Intermittent Heparinization during Hemodialysis 191
Wiener, F.: A Study of the Renal Countercurrent System by Computer Simulation 194
Thomas, B. L. and Faith, G. C.: Renal Tubular Necrosis following Cephalothin 205
