Special Section

Horm Res 1992;37(Suppl 3):I-IV

Contents, Vol. 37, Supplement 3, 1992

Session I: Neuroendocrinology

McEwen, B.S.
Steroid Hormones: Effect on Brain Development and Function 1
Kordon, C; Drouva, S.V.
Gonadotropin Regulation, Oestrogens and the Immune System 11
Legros, J.J.
Neurohypophyseal Peptides and Psychopathology 16

Workshop I

New, M.I.
Genetic Disorders of Adrenal Hormone Synthesis 22
Cicognani, A.
The Experience of Neonatal Screening for Congenital Adrenal Hyperplasia 34
Dunaif, A.
Adrenal Disorders and Polycystic Ovary Syndrome 39

van der Kamp, H.J.; Slijper, F.M.E.; Evaluation of Young Women with Congenital Adrenal Hyperplasia 45
Brandenburg, H.; A pilot Study
de Muinck Keizer-Schrama, S.M.P.F.; Drop, S.L.S.; Molenaar, J.C.

Workshop II

Bernasconi, S.; Ghizzoni, L.; Panza, C; Volta, C; Caselli, G.
Congenital Anorchia: Natural History and Treatment 50
Sorensen, K.
Physical and Mental Development of Adolescent Males with Klinefelter Syndrome 55
Dacou-Voutetakis, C. Hypogonadotropic Hypogonadism; the Genetic Defect. A Hypothesis 62 based on Human and Animal Prototypes
Workshop III

Vanelli, M.; de Fanti, A.; Adinolfi, B.; Ghizzoni, L.
Clinical Data Regarding the Growth of Diabetic Children
65

Savage, M.O.; Smith, C.P.; Dunger, D.B.; Gale, E.A.M.; Holly, J.M.P.; Preece, M.A.
Insulin and Growth Factors Adaptation to Normal Puberty
70

Workshop IV

Wanke, R.; Wolf, E.; Hermanns, W.; Folger, S.; Buchmüller, T.; Brem, G.
The GH-Transgenic Mouse as an Experimental Model for Growth Research: Clinical and Pathological Studies
74

Rousseau, G.G.
Growth Hormone Gene Regulation by trans-Acting Factors
88

Session II: Chronobiology

Turek, F.W.
Biological Rhythms in Reproductive Processes
93

Rivkees, S.A.; Reppert, S.M.
Perinatal Development of Day-Night Rhythms in Humans
99

Brown, G.M.
Day-Night Rhythm Disturbance, Pineal Function and Human Disease
105
