Forthcoming Papers

Review Papers

Bitker M et al: Surgical Aspects of Kidney Transplantation in France in 1997
Fitzpatrick J et al: Sexual Dysfunction Associated with the Management of Prostate Cancer
van den Ouden D et al: Diagnosis and Management of Seminal Vesicle Cysts Associated with Ipsilateral Renal Agenesis: A Pooled Analysis of 52 Cases

Clinical Papers

Aaltomaa S et al: The Results of Fibrin Glue Application in Testicular Hydrocele
Akakura K et al: Incidence and Characteristics of Antiandrogen Withdrawal Syndrome in Prostate Cancer after Treatment with Chlormadinone Acetate
Akaza H et al: Bropirimine, an Orally Active Anticancer Agent for Superficial Bladder Cancer
Akimoto S et al: Prognostic Value of the Serum Levels of Bone Formation and Bone Resorption Markers in Prostate Cancer Patients with Bone Metastasis
Andersen R et al: Imaging Modalities in Peyronie’s Disease: An Intrapersonal Comparison: Ultrasound Sonography, X-Ray in Mammography Technique Computerized Tomography and Nuclear Magnetic Resonance in 20 Patients
Bakke A et al: Psychological Predictors of Symptoms of Urinary Tract Infection and Bacteria Patients Treated with Clean Intermittent Catheterization: A Prospective 7-Year Study
Brutt O et al: The Clinical Course of Early Onset Prostate Cancer with Special Reference to History as a Prognostic Factor
Brüssner C et al: A Comparative Study of a Double Line vs. a Fan Shaped Technique for Obtaining Transrectal Ultrasound Guided Biopsies of the Prostate
Chang P et al: Improvement of Medical Care Quality after Implementation of a Clinical Pathological Monitoring Program for Transurethral Prostatectomy Patients
Costantini E et al: Colposacropexy with Gore-Tex Mesh in Marked Vaginal and Utero-Vaginal Prolapse
Czaplicki M et al: Long-Term Subjective Results of Marshall-Marchetti-Krantz Procedure
De Mey C et al: A Double-Blind Comparison of Terazosin and Tamsulosin on Their Different Effects on Ambulatory Blood Pressure and Nocturnal Orthostatic Stress Testing
Felippeto R et al: Bladder Involvement in Systemic Sclerosis: Urodynamic and Histological Evaluation in 23 Patients
Fujii Y et al: Significance of Bladder Neck Involvement on Progression in Superficial Bladder Cancer
Ghobish A: In situ ESWL of Middle and Lower Ureteral Stones: A Boosted, Stentless, Ventral Technique
Kelly J et al: Clinical Response to an Oral Prostaglandin Analogue in Patients with Interstitial Cystitis
Kılıç S et al: Ratio of Free to Total Prostate-Specific Antigen in Patients with Prostatic Intraepithelial Neoplasia
Kuo H: The Quality of Life after Active Urological Management of Chronic Spinal Cord Injury in Eastern Taiwan
Küpeli S et al: A Prospective Randomized Study of Transurethral Resection of the Prostate: Transurethral Vaporization of the Prostate as a Therapeutic Alternative in the Managen Men with BPH
La Rosa F et al: Urinary Organ Cancer Survival in the Umbria Region (Italy): Follow-Up at Years

Lebret T et al: Low Dose BCG Instillations in the Treatment of Stage T1 Grade 3 Bladder Tumours: Recurrence, Progression and Success

Luttman A et al: Muscular Strain and Fatigue among Urologists during Transurethral Resection using Direct and Monitor Endoscopy

Madersbacher S et al: The Prevalence of Lower Urinary Tract Symptoms in Austria as Assessed an Open Survey of 2,096 Men

Meyer J de et al: Gravity Cavernosometry and Assessment of Complete Smooth Muscle Relaxation: Helpful in the Differential Diagnosis of Cavernous Leakage?

Minervini R et al: Functional Evaluation of Different Ileal Neobladders and Ureteral Reimplantation Techniques

Onder A et al: The Impact of Transition Zone Biopsies in Detection and Evaluation of Prostate Cancer

Ondrus D et al: Prognostic Factors in Clinical Stage I Nonseminomatous Germ Cell Testicular Tumors: Rationale for Different Risk-Adapted Treatment

Orsola A et al: Primary Bladder Carcinoma in situ: Assessment of Early BCG Response as a Prognostic Factor

Pycha A et al: Implantable Microballoons: An Attractive Alternative in the Management of Intrinsic Sphincter Deficiency

Rassweiler J et al: Nephrectomy: A Comparative Study between the Transperitoneal and Retroperitoneal Laparoscopy versus the Open Approach

Recker F et al: Enhanced Expression of Prostate-Specific Antigen in the Transition Zone of Prostate: A Characterization following Prostatectomy for Benign Hyperplasia

Schamhart D et al: The BTA Test: Its Mode of Action, Sensitivity and Specificity, Compared Cytology of Voided Urine, in the Diagnosis of Superficial Bladder Cancer

Tyrrell C et al: A Randomised Comparison of Casodex™ (Bicalutamide) 150 mg Monotherapy versus Castration in the Treatment of Metastatic and Locally Advanced Prostate Cancer

Vroege J et al: Sexual Functioning of Adult Patients Born with Meningomyelocoele: A Pilot Study

Weber A et al: What Are the Parameters for Predictive Selection of Patients Requiring Anesthesia for ESWL?

Wunderlich H et al: Increase of Incidence of Renal Cell Carcinoma in Middle-Europe?

Zwergel U et al: Long-Term Results following Transurethral Resection of the Prostate

### Pediatric Urology

Åmark P et al: Follow-Up of Long-Time Treatment with Intravesical Oxybutynin for Neuro Bladder in Children

Brough R et al: Bladder Washout and Stone Formation in Paediatric Enterocystoplasty

Ulman I et al: Is Resolution of Vesicoureteric Reflux by Conservative Management Predictable in Patients with Myelodysplasia?

Wilcos C et al: The Management of Megaureter in Children

Zöller G et al: Comparison of Questionnaire-Based and Serologic Screening for Natural Latrogenic Allergy in Children with Neurogenic Bladder Dysfunction

### Basic Science

Buyle S et al: Optimal Parameters for Transurethral Intravesical Electrostimulation Determined by an Experiment in the Rat

Gustafson C et al: Culture of Human Urothelial Cells on a Cell-Free Dermis for Autotransplantation

Kobayashi T et al: A Chick Embryo Model for Metastatic Human Prostate Cancer

Salman A et al: Hemodynamic Monitorization of Contralateral Testis Describes the Mechanism of Damage

### Letter to the Editor
