Gastro-Entero-Pancreatic Tumours
Proceedings of Somatostatin Analogues - Peptide Therapy in Action Symposium
Session I, January 9th, 1989
Hammersmith Hospital, London
Chairman and Guest Editor:
S.R. Bloom
MA, MD, DSc, FRCP, Professor of Endocrinology,
Royal Postgraduate Medical School, London
4 figures, 12 tables, 1990

Drug Dosage
The authors and the publisher have exerted every effort to ensure that drug selection and
dosage set forth in this text are in accord with current recommendations and practice at the
time of publication. However, in view of ongoing research, changes in government
regulations, and the constant flow of information relating to drug therapy and drug reactions,
the reader is urged to check the package insert for each drug for any change in indications
and dosage and for added warnings and precautions. This is particularly important when the
recommended agent is a new and/or infrequently employed drug.
