Special Section

Digestion 1992;52:I-IV

Contents, Vol. 53, 1992

No. 1-2

Original Paper
Plasma and Tissue Hormones in the Dog after Administration of the Prostaglandin Analogue, Misoprostol
Goodlad, R.A.; Ghatei, MA.; Bloom, S.R.; Levin, S.; Wright, NA.

Putrescine Uptake and Metabolism in Isolated Rat Pancreatic Acini
Alves, F.; Stüber, E.; Höcker, M.; Fölsch, U.R.

Acidic Fibroblast Growth Factor Accelerates the Healing of Acetic-Induced Gastric Ulcers in Rats

Effects of Gastric Funectomy and Antrectomy on the Colonic Mucosa in the Hamster
Chu, M.; Rehfeld, J.F.; Borch, R.

Effects of Phosphatidylcholine and Phosphatidylinositol on Acetic-Acid-Induced Colitis in the Rat
Fabia, R.; Ar'Rajab, A.; Willén, R.; Andersson, R.; Ahren, B.; Larsson, K.; Bengmark, S.

Treatment of Pain with Pancreatic Extracts in Chronic Pancreatitis: Results of a Prospective Placebo-Controlled Multicenter Trial
Mössner, J.; Secknus, R.; Meyer, J.; Niederau, C.; Adler, G.

Study of the Effect of Neurotensin on Meal- and Cerulein-Induced Gallbladder Contraction
Gullo, L.; Ancona, D.; Pezzilli, R.; Fusconi, F.; Bolondi, L.

Sucralfate, Ranitidine and No Treatment in Gastric Ulcer Management – A Multicenter, Prospective, Randomized, 24-Month Follow-Up with a Study of Risk Factors of Relapse
GISU (Interdisciplinary Group for Ulcer Study)

Time Course Study on the Action of 5-Hydroxytryptamine on Gastric Secretion and Mucosal Blood Flow and on Ethanol-Induced Gastric Mucosal Damage in Rats

Risk of Ulceration with Long-Term Indomethacin: Endoscopic and Histological Changes in Upper Gastro-Intestinal Mucosa
Swift, G.L.; Arnold, J.; Williams, G.T.; Williams, B.D.; Rhodes, J.; Khan, F.

Fecal Fat Concentration in the Screening of Steatorrhea
Benini, L.; Callari, S.; Bonfante, F.; Bardelli, E.; Castellani, G.; Sembenini, C; Brentegani, M.T.;
Vantini, I.
Two Weeks of Oral Synthetic E2 Prostaglandin (Enprostil®) Improves the Intestinal Morphological But Not the Absorptive Response in the Rat to Abdominal Irradiation Keelan, M.; Walker, K.; Cheeseman, C.I.; Thomson, A.B.R.

Effect of Zinc Sulfate and Acetylcysteine on Experimental Gastric Ulcer: In vitro Study Mann, N.S.; Mann, S.K.; Braun, P.N.; Weaver, B.
Effect of Chronic Ethanol Feeding on Factors Leading to Inappropriate Intrapancreatic Activation of Zymogens in the Rat Pancreas Singh, M.

No. 3-4

Original Paper

Antimicrobial Therapy of Bacterial Diarrhea in Adult Residents of Mexico – Lack of an Effect de la Cabada, F.J.; DuPont, H.L.; Gyr, K.; Mathewson, J.J.

Use of an Ammonia Electrode for Rapid Quantification of Helicobacter pylori Urease: Its Use in the Endoscopy Room and in the Assessment of Urease Inhibition by Bismuth Subsalicylate Butcher, G.P.; Ryder, S.D.; Hughes, S.J.; Stewart, M.; Bird, N.; Haqqani, M.T.; Rhodes, J.M.

A Clinical and Laboratory Evaluation of the Behavior of Tissue Polypeptide Antigen in Liver Cirrhosis Collazos, J.; Genollá, J.; Ruibal, A.

Comparison of Once-Daily Intravenous and Oral Omeprazole on Pentagastrin-Stimulated Acid Secretion in Duodenal Ulcer Patients Cederberg, C; Lind, T.; Röhss, K.; Olbe, L.

Effect of Gastrin Receptor Antagonists on Gastric Acid Secretion and Gastrin and Somato-statin Release in the Rat Stomach Eissele, R.; Koop, H.; Both-Sandfort, E.; Arnold, R.

Role of Endogenously Released Cholecystokinin in Determining Postprandial Insulin Levels in Man: Effects of Loxiglumide, a Specific Cholecystokinin Receptor Antagonist Baum, F.; Nauck, M.A.; Ebert, R.; Cantor, P.; Hoffmann, G.; Choudhury, A.R.; Schmidt, W.E.; Creutzfeldt, W.

Case Report
Budd-Chiari Syndrome as the Primary
Manifestation of a Fibrolamellar Hepatocellular Carcinoma
