Silvina Estrada de Acevedo Fellowship for Research in Experimental Leukemia

This Fellowship has been instituted by Don Horacio Acevedo in memory of his wife, for furthering research in experimental leukemia. It is open to scientists from any part of the world who have already been working in this field. It involves full-time work at the Department of Experimental Leukemia, Blood Research Institute, National Academy of Medicine, for one year, as from February 1st, 1958. The grant may be extended for a second period of one year, should the progress of the investigations appear to justify it. Salary per month: arg. $ 5000.

Applications can be made personally or by letter, and should be forwarded not later than November 30th, 1957, to: Fundaleu, Instituto de Investigaciones Hematológi-cas, Academia Nacional de Medicina, Melo 3081, Buenos Aires, Argentina. Applicants should forward a detailed account of their education and scientific qualifications, as well as a detailed programme of the research work they intend to do.

The Committee for the awarding of the scholarship will be constituted by the President of the Academy of Medicine, by the Founder of the Research Institute, Prof. Mariano R. Castex, by the Director of the Blood Research Institute, by the President of Fundaleu, and by a member of the Technical Board of Fundaleu.
