Contents Vol. 24, 1978

No. 1
Experimental Section
Zs.-Nagy, I.; Zs.-Nagy, V.; Peri, C; Giuliani, C, and Del Moro, M.: In vivo Stimulation of Nerve Cells by Phytohemagglutinin. I. Alterations of Some Cytological Aging Parameters in Rat Brain Cells 12
Eichholz, R.L. and Buetow, D.E.: Total Free Amino Acid Levels in Adult and Senescent Rat Liver 32

Clinical Section
Füsgen, I. and Summa, J.D.: How Much Sense Is There in an Attempt to Resuscitate an Aged Person? 37
Rosin, A.J.: Treatment of Dyskinetic and Choreatic Movement Disorders in Adults . . 46

Critical Review
Bassey, E.J.: Age, Inactivity and Some Physiological Responses to Exercise 66

No. 2
Experimental Section
Frolkis, V. V. and Valueva, G. V.: Metabolism of Thyroid Hormones during Aging ... 81

Contents
IV
Clinical Section
Resnitzky, P.; Touma, M., and Danon, D.: Neutrophilic Turnover Rate in Human Age Groups Evaluated by Serum Lysozyme Activity 111

Review
Burch, P.R.J.: Coronary Heart Disease: Risk Factors and Ageing 123

No. 3
Experimental Section
Brooks, C. and Simons, E.R.: Effect of Age on Collagen Fibril Formation 161
Brooks, C. and Simons, E.R.: Collagen Age and Platelet Aggregation 169
Gaubatz, J.W. and Gutter, R.G.: Age-Related Differences in the Number of Ribosomal RNA Genes of Mouse Tissues 179

Sperling, G.A.; Loosli, J.K.; Lupien, P., and McCay, CM. Effect of Sulfamerazine and Exercise on Life Span of Rats and Hamsters 220

Clinical Section
Atkinson, L.; Gibson, I., and Andrews, J.: An Investigation into the Ability of Elderly Patients Continuing to Take Prescribed Drugs after Discharge from Hospital and Recommendations Concerning Improving the Situation 225

No. 4

Experimental Section

Bouissou, H; Julian, M., and Pieraggi, M.T.: Aortic Lathyism and Atheroma in the Rat by Prolonged Hyperlipidic Diet 250

Ordy, J.M.; Brizzee, K.R.; Kaack, B., and Hansche, J.: Age Differences in Short-Term Memory and Cell Loss in the Cortex of the Rat 276

Medvedev, Zh.A.; Medvedeva, M.N., and Robson, L.: Tissue Specificity and Age Changes of the Pattern of the HI Group of Histones in Chromatin from Mouse Tissues 286

Contents

V

Clinical Section

Neubauer, B. and Christensen, N.J.: The Decrease in Noradrenaline Concentration in the Posterior Tibial Artery with Age 299

No. 5

Experimental Section
Wiernsperger, N.; Danzeisen, M., and Meier-Ruge, W.: Effect of Carotid Ligation on Cerebral Tissue Oxygenation in Aging Rat 321

Ruiz-Torres, A.: Cross-Linking of Collagen Depending on Age 337

Haseeb, M.A. and Patnaik, B.K.: Age-Related Changes in Collagenous and Noncollagenous Proteins of Skeletal Muscle of a Short-Lived Species of Reptile 343

Wilson, P.D.: Differential Enzyme Distribution in Lobules of Livers from Young and Old Mice and Rats 348

Debate
