Contents, Vol. 26, Supplement 1, 1996

Hedner, U.; Roberts, H.R. Preface V

Session I: Initiation of Haemostasis
Rao, L.V.M.; Rapaport, S.I. Cells and the Activation of Factor VII 1
Tracy, P.B.; Allen, D.H.; Worfolk, L.A.; Lawler, R.R. Monocyte/Macrophage Regulation of Coagulant Events 6
Hoffman, M.; Monroe, D.M.; Roberts, H.R. Cellular Interactions in Hemostasis 12
Mackman, N. Regulation of Tissue Factor Gene Expression in Human Monocytic and Endothelial Cells 17
Tuddenham, E.G.D. The Tissue Factor-Factor VII Complex: Recent Advances towards Elucidating the Structure and Function of the Initiator of Haemostasis 20
Camerer, E.; Prydz, H. Notes on the Cell Biology of Tissue Factor 25

Session II: Regulation of the Initiation of Haemostasis
Persson, E. Influence of the γ-Carboxyglutamic Acid-Rich Domain and Hydrophobic Stack of Factor VII on Tissue Factor Binding 31

Persson, L.C.; Persson, E. Effect of Ca²⁺ on the Structure and Function of Factor VIIa 40

Sunnerhagen, M.; Drakenberg, T.; Effect of Ca²⁺ on the Structure of Vitamin K-Dependent Coagulation Factors 45
Forsén, S.; Stenflo, J. K-Dependent Coagulation Factors 54

Pedersen, L.G. Fragment I, the Gla Domain of Factor IX and Several Biological Interesting Mutants 109

McPherson, J.; Teague, L.; Experience with Recombinant Factor VIIa in Australia and New Zealand 109
Lloyd, J.; Judge, D.; Rowell, J.; 111
Ockelford, P.; Ekert, H.; Street, A.; Faase, A.; Hedner, U. 111

Ingerslev, J.; Freidman, D.; Gastineau, D.; Gilchrist, G.; Johnsson, H.; Lucas, G; McPherson, J.; Preston, E.; Scheibel, E.; Shuman, M. Major Surgery in Haemophilic Patients with Inhibitors Using Recombinant Factor VIIa 118

Lusher, J.M.; NovoSeven® Compassionate Use Investigators Recombinant Factor VIIa (NovoSeven®) in the Treatment of Internal Bleeding in Patients with Factor VIII and IX Inhibitors 124

Rice, K.M.; Savidge, G.F.
NovoSeven® (Recombinant Factor VIII) in Central Nervous System Bleeds

Mølskov Bech, R.
Recombinant Factor VIII in Joint and Muscle Bleeding

Yoshioka, A.; Nishio, K.; Shima, M.
Thrombelastgram as a Hemostatic Monitor during

Recombinant Factor VIII Treatment in Hemophilia A Patients with Inhibitor to Factor VIII

Shapiro, A.D.
American Experience with Home Use of NovoSeven®: Recombinant Factor VIII in Hemophiliacs with Inhibitors

Ciavarella, N.; Schiavoni, M.; Valenzano, E.; Mangini, F.; Inchingolo, F.
Use of Recombinant Factor VIII (NovoSeven®) in the Treatment of Two Patients with Type III von Willebrand’s Disease and an Inhibitor against von Willebrand Factor

Bauer, K.A.
Treatment of Factor VII Deficiency with Recombinant Factor VIII

Clinical Experience with Recombinant Factor VIII in Patients with Thrombocytopenia
