Venous and Arterial Thrombosis: Pathophysiological and Clinical Aspects

15th International Congress on Thrombosis
Antalya, Turkey, October 16–21, 1998
Selected Plenary Lectures

Guest Editors
H. Coenraad Hemker, Maastricht
Sylviane Lévy-Toledano, Paris

14 figures and 29 tables, 1999
Drug Dosage

The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.
