Blood Group
International Congress of Allergology

The Fourth International Congress of Allergology will meet in New York City in 1961. Dr. William B. Sherman (Coll. of Physicians and Surgeons, Columbia University, Roosevelt Hospital, and Presbyterian Hospital) is Chairman of the Local Arrangements Committee and the members of the New York Allergy Society have the responsibility of sponsorship for the meeting. Much has already been done in the way of organization of the various Committees.

Erratum

The following note should have appeared on page 90, vol. 15 of the “International Archives of Allergy”, following the paper by Daniel A. Boroff: “Studies on the Toxin of Clostridium botulinum. IV. Fluorescence of Clostridium botulinum Toxin and Its Relation to Toxicity”: The work was supported in part by the American Philosophical Society and the University of Chicago, Army Subcontract No. 10 under Prime Contract No. DA 18-108-CML-5271.
