Request
The research library of the Institute of Experimental Medicine and Surgery of the University of Montreal has suffered extensive losses owing to destruction by fire. In attempting to rebuild our library, we should like to enlist the assistance of the readers of “International Archives of Allergy and Applied Immunology” and ask them to send us all available reprints of their work, especially those dealing with “Endocrinology” and “Stress”.
At the same time we wish to point out that our permanent mailing list was also destroyed, hence we shall be able to send reprints of our own publications only to those of the readers who write for them.
Hans Selye, Professor and Director Institute of Experimental Medicine and Surgery, University of Montreal P.O. Box 6128, Montreal 26, Canada
