International Association of Allergology
The Vth International Congress of Allergology is to be held at the Medical School, Madrid, Spain, October 11-15, 1964.
Prof. W. S. Feldberg honoured
The Queen has been graciously pleased to confer the C. B. E. (Civil Division) on Prof. Feldberg (New Year Honours List, London Gazette, December 1962). – Dr. Feldberg is Emeritus Professor, Head of the Division of Physiology and Pharmacology, National Institute for Medical Research, London, and a Founder-Member of the Collegium Internationale Allergologicum.

9. Kongress der Deutschen Gesellschaft für Allergieforschung
Haupthemen sind:
«Methoden der Immunologie und Allergie, ihre theoretische Bedeutung und praktische Anwendung»;
«Allergische Manifestationen am Magen-Darm-Kanal».

University of Navarra
The Department of Allergology and the Medical Faculty of the University of Navarra arranged an instructional course in allergy at Pamplona (Spain) on April 20-27, 1963. The course has been directed by Professor A. Oehling.

Erratum
The legend of fig. 2 in the paper of Seymour Katsh and Russell T. Jordan on “Aspermatogenesis in the guinea pig induced by injection of cell cultures of homologous testis” (Int. Arch. Allergy 21: 163-171, 1962) should read: “Photomicrograph (× 1188). Testicular homogenate used to seed cultures that were grown for 5 months.”
