Notice to Authors

Two important changes in Editorial and Publishing Policy occurred when Volume 50 was issued in January 1976 and all authors should be made aware of these changes. The size of the manuscripts submitted (including tables, illustrations and references) is now limited to nine (9) printed pages (originally it was 16) at 2,800 letters per page, punctuation and spaces between words included. When this is exceeded, the authors will be charged sFr. 155.- per additional printed page.
