Erratum

In the paper ‘Confined Stimulation Using Dual Thalamic Deep Brain Stimulation Leads Rescues Refractory Essential Tremor: Report of Three Cases’ by Yu et al. (Stereotact Funct Neurosurg 2009;87:309–313), the 4th sentence of the Introduction has to be corrected to read as follows:

‘This high voltage stimulation often results in circumferential current spread into structures near the VIM, such as the internal capsule (IC) laterally and the nucleus ventralis caudalis (VC) posteriorly.’
