Recent Advances in the Understanding of Iron Metabolism and Related Diseases

Dedicated to Professor Ernest Beutler

Guest Editor
A. Victor Hoffbrand, London

22 figures, 6 in color, and 10 tables, 2009
Disclaimer
The statements, opinions and data contained in this publication are solely those of the individual authors and contributors and not of the publisher and the editor(s). The appearance of advertisements in the journal is not a warranty, endorsement, or approval of the products or services advertised or of their effectiveness, quality or safety. The publisher and the editor(s) disclaim responsibility for any injury to persons or property resulting from any ideas, methods, instructions or products referred to in the content or advertisements.

Drug Dosage
The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.

Introduction

75 Recent Advances in the Understanding of Iron Metabolism and Iron-Related Diseases
Hoffbrand, A.V. (London)

78 The Role of Hepcidin in Iron Metabolism
Nemeth, E.; Ganz, T. (Los Angeles, Calif.)

87 Role of Matriptase-2 (TMPRSS6) in Iron Metabolism
Lee, P. (La Jolla, Calif.)

97 Iron Deficiency, Helicobacter Infection and Gastritis
Hershko, C.; Ronson, A. (Jerusalem)

103 Anemia of Chronic Disease (Anemia of Inflammation)
Agarwal, N.; Prchal, J.T. (Salt Lake City, Utah)

109 The Anemia of Heart Failure
Silverberg, D.S.; Wexler, D. (Tel Aviv); Palazzuoli, A. (Siena); Iaina, A.; Schwartz, D. (Tel Aviv)

120 Mitochondrial Iron Metabolism and Sideroblastic Anemia
Sheftel, A.D. (Marburg); Richardson, D.R. (Sydney, N.S.W.); Prchal, J. (Salt Lake City, Utah); Ponka, P. (Montreal, Que.)

134 The Natural History of Untreated HFE-Related Hemochromatosis
Adams, P.C. (London, Ont.)

140 Rare Types of Genetic Hemochromatosis
Camaschella, C.; Poggiali, E. (Milan)

146 Role of T2* Magnetic Resonance in Monitoring Iron Chelation Therapy
Carpenter, J.-P.; Pennell, D.J. (London)

155 Deferiprone Chelation Therapy for Thalassemia Major
Galanello, R.; Campus, S. (Cagliari)

165 Deferasirox (Exjade®) for the Treatment of Iron Overload
Cappellini, M.D. (Milano); Taher, A. (Beirut)

174 Iron Metabolism and Iron Chelation in Sickle Cell Disease
Walter, P.B.; Harmatz, P.; Vichinsky, E. (Oakland, Calif.)

184 Author and Subject Index Vol. 122, No. 2–3, 2009
