The Czechoslovak Phoniatric Section of the Czechoslovak ENT Society arranges regular scientific meetings apart from the annual meeting. The 5th Annual Meeting was arranged in Olomouc on the occasion of the 30th anniversary of liberation of CSSR. The meeting was arranged in November, 1975. In the wonderful historical setting of this university town, 104 participants – phoniatrists and logopeds – took part. About 23 original lectures that were devoted to voice, speech and hearing disorders were read there. Except several experimental reports, most were of clinical nature.

The committee of the Czechoslovak Phoniatric Section entrusted the Phoniatric Clinic in Prague with the organization of the 6th Annual Meeting. It will be held on the 16th and 17th of September, 1976 in Prague, on the occasion of the 20th anniversary of independent Phoniatric Department in Prague. The Phoniatric Department and the Phoniatric Research Institute were established in the year 1956. Their first director was Professor Seeman. In 1966 the Phoniatric Department was changed to the Phoniatric Clinic of the Medical Faculty of the Charles University, the first phoniatric clinic in the world. The main topics of the annual meeting will be voice, speech and hearing disorders as they correspond to the Czechoslovak conception of phoniatry.

The Danish Speech and Hearing Association
In November, 1975, ‘Talopaedagogisk Forening’ (The Association of Logopedics in Denmark, which is affiliated to IALP and one of the organizing societies of the 1977 IALP congress in Copenhagen) and Hørepaedagogisk Forening’ (the corresponding society for educational audiology) joined together to become one. The name of the new society is ‘Audiologopaedisk Forening’ – The Danish Speech and Hearing Association.

Northern Ireland Speech and Language Forum
S. Karger AG has received an announcement that the above organization has been formed, and this information has been forwarded to IALP. The NISLF intends to provide an interdisciplinary forum for the sharing of information and matters of interest to those concerned with the study of speech and language. Membership of the society is open to anyone whose interests come within these terms. Correspondence should be directed to: The Secretary, Northern Ireland Speech and Language Forum, 14 College Green, Belfast BT7 1LN, Northern Ireland.
