Anaphylaxis in the Avascular Tissue of the Rabbit Cornea

A.C.

Breebaart

From the Ophthalmic Hospital (Prof. Dr. A. Hagedoorn) and the Laboratory of Histology (Prof. Dr. G. C. Heringa) of the University of Amsterdam

Report of a new phenomenon of corneal anaphylaxis (so-called ring reaction) , in contrast to the phenomena known thus far
not accompanied by a dense ingrowth of vessels.
