### META-ANALYSIS

122 **Prevalence of hepatitis B and C in HIV-infected patients: a meta-analysis**  
Chen JJ, Yu CB, Du WB and Li LJ  
*Hangzhou, China*

### REVIEW ARTICLES

128 **Advances in early diagnosis and therapy of pancreatic cancer**  
Xu Q, Zhang TP and Zhao YP  
*Beijing, China*

136 **Technical aspects of biliary reconstruction in adult living donor liver transplantation**  
Feng XN, Ding CF, Xing MY, Cai MX and Zheng SS  
*Hangzhou, China*

### ORIGINAL ARTICLES

**Transplantation**

143 **Outcomes of loco-regional therapy for down-staging of hepatocellular carcinoma prior to liver transplantation**  
Shi XJ, Jin X, Wang MQ, Wei LX, Ye HY, Liang YR, Luo Y and Dong JH  
*Beijing, China*

**Liver**

151 **Long-term antifibrotic action of interferon-γ treatment in patients with chronic hepatitis B virus infection**  
Wu YJ, Cai WM, Li Q, Liu Y, Shen H, Mertens PR, Dooley S and Weng HL  
*Mannheim, Germany*

158 **Expression of HLA-G in patients with hepatocellular carcinoma**  
Wang Y, Ye Z, Meng XQ and Zheng SS  
*Hangzhou, China*

164 **GPC3 fused to an alpha epitope of HBsAg acts as an immune target against hepatocellular carcinoma associated with hepatitis B virus**  
Yang JW, Yang DY, Lu FG, Li CH, Chen H, Xie N and Zhao X  
*Changsha, China*
Kupffer cells contribute to concanavalin A-induced hepatic injury through a Th1 but not Th17 type response-dependent pathway in mice
Chen L, Xie XJ, Ye YF, Zhou L, Xie HY, Xie QF, Tian J and Zheng SS
Hangzhou, China

Xanthogranulomatous cholecystitis: a premalignant condition?
Ghosh M, Sakhuja P and Agarwal AK
New Delhi, India

Pravastatin activates PPARα/PPARγ expression in the liver and gallbladder epithelium of hamsters
Dong SH, Lee J, Koh DH, Choi MH, Jang HJ and Kae SH
Seoul, Korea

Is the pancreas affected in patients with septic shock? -- a prospective study
Bologna, Italy

Usefulness of an algorithm for endoscopic retrieval of proximally migrated 5Fr and 7Fr pancreatic stents
Gong B, Sun B, Hao LX and Bie L
Shanghai, China

KA11 inhibits HGF-induced invasion of pancreatic cancer by sphingosine kinase activity
Liu X, Guo XZ, Zhang WW, Lu ZZ, Zhang QW, Duan HF and Wang LS
Shenyang, China

Spontaneous passage of common bile duct stones in jaundiced patients
Lefemine V and Morgan RJ
Rhyl, UK

Cholangiocarcinoma accompanied by desmoid-type fibromatosis
Xu N, Chen ZY, Yan LN, Yang JY, Wang WT and Jing SG
Chengdu, China

Recurrent ectopic pancreatitis of the jejunum and mesentery over a 30-year period
Wong JCT, Robinson C, Jones EC, Harris A and Zwirewich C, Wakefield R, Simons RK and Yoshida EM
Vancouver, Canada
