## REVIEW ARTICLES

234 **Liver transplantation for hepatocellular carcinoma: an update**  
Zarrinpar A, Kaldas F and Busuttil RW  
*Los Angeles, USA*

243 **Current surgical management of pancreatic endocrine tumor liver metastases**  
Pavlidis TE, Psarras K, Symeonidis NG, Pavlidis ET and Sakantamis AK  
*Thessaloniki, Greece*

## ORIGINAL ARTICLES

### Transplantation

248 **Predictors of patient survival following living donor liver transplantation**  
Li C, Wen TF, Yan LN, Li B, Yang JY, Wang WT, Xu MQ and Wei YG  
*Chengdu, China*

### Liver

254 **Necessity and indications of invasive treatment for Budd-Chiari syndrome**  
Fu Y, Sun YL, Ma XX, Xu PQ, Feng LS, Tang Z, Guan S, Wang ZW and Luo CH  
*Zhengzhou, China*

261 **Clinical features and treatment of sump syndrome following hepaticojejunostomy**  
Marangoni G, Ali A, Faraj W, Heaton N and Rela M  
*London, UK*

265 **A new scoring system for assessment of liver function after successful hepatectomy in patients with hepatocellular carcinoma**  
Du ZG, Li B, Wei YG, Yin J, Feng X and Chen X  
*Chengdu, China*

270 **Iron overload and HFE gene mutations in Polish patients with liver cirrhosis**  
Sikorska K, Romanowski T, Stalke P, Iżycka-Swieszewska E and Bielawski KP  
*Gdansk, Poland*

276 **Relationship between alcohol consumption and clinical manifestation of patients with fatty liver: a single-center study**  
Wang XF and Yue M  
*Hangzhou, China*
280 Cytokine and apoptosis gene polymorphisms influence the outcome of hepatitis C virus infection

Tunis, Tunisia

289 Oncofetal antigen glypican-3 as a promising early diagnostic marker for hepatocellular carcinoma

Yao M, Yao DF, Bian YZ, Zhang CG, Qiu LW, Wu W, Sai WL, Yang JL and Zhang HJ

Nantong, China

295 Evaluation of hepatitis B viral replication and proteomic analysis of HepG2.2.15 cell line after knockdown of HBx

Hangzhou, China

303 Hepatocellular carcinoma HepG2 cell apoptosis and caspase-8 and Bcl-2 expression induced by injectable seed extract of Coix lacryma-jobi

Lu Y, Zhang BY, Jia ZX, Wu WJ and Lu ZQ

Qingdao, China

Biliary

308 Predictive value and main determinants of abnormal features of intraoperative cholangiography during cholecystectomy

Tehran, Iran

313 Dose requirement and complications of diluted and undiluted propofol for deep sedation in endoscopic retrograde cholangiopancreatography

Amornyotin S, Srikureja W, Chalayonnavin W and Kongphlay S

Bangkok, Thailand

Pancreas

319 Borderline resectable pancreatic tumors: Is there a need for further refinement of this stage?

Shrikhande SV, Arya S, Barreto SG, Ingle S, D'Souza MA, Hawaldar R and Shukla PJ

Mumbai, India

CASE REPORTS

325 Emergency re-routing of anterior sector venous outflow for right lobe living donor liver transplantation including the middle hepatic vein

Chok KSH, Chan SC, Lo CM and Fan ST

Hong Kong, China
Persistent port-site sinus in a patient after laparoscopic cholecystectomy: watch out for gallbladder tuberculosis
Mansoor T, Rizvi SAA and Khan RA
Aligarh, India

Long-term survival of a patient after resection of a gastrointestinal stromal tumor arising from the pancreas
Čečka F, Jon B, Ferko A, Šubrt Z, Nikolov DH and Tyčová V
Hradec Králové, Czech Republic
