Message from the Editor

J. Bogousslavsky, Montreux

I am particularly happy to welcome Professor Claudio Bassetti as a special section editor dealing with ‘neurological updates’, which will focus on important ‘hot’ issues in the neurological field. Besides, he will be assisting me with specific tasks dealing with the editorship of the Journal. Over twenty years ago, Claudio Bassetti worked with me as a resident in Lausanne, and one could immediately see that he would become a critical figure in neurology in Europe. He is now professor and chairman of neurology in Berne, the capital city of Switzerland. His inclusion into our board will be a major support to the Journal.

It is the policy of the journal to rotate the members of the Editorial Board every now and then and I would like to thank the following people for their great efforts over the past years:

J.-M. Annoni, Fribourg
S. Benbadis, Tampa, Fla.
G. de Freitas, Rio de Janeiro
J. de Reuck, Gent
J.S. Kim, Seoul
K. Kazumi, Okayama
P. Maeder, Lausanne
C.J.M. Sindic, Brussels

I would also like to welcome the new members of the Editorial Board and thank them for agreeing to support *European Neurology*:
