META-ANALYSES

458  Laparoscopic distal pancreatectomy in Italy: a systematic review and meta-analysis
Ricci C, Casadei R, Lazzarini E, D’Ambra M, Buscemi S, Pacilio CA, Taffurelli G and Minni F
Bologna, Italy

464  Efficacy of ursodeoxycholic acid as an adjuvant treatment to prevent acute cellular rejection after liver transplantation: a meta-analysis of randomized controlled trials
Deng YL, Xiong XZ and Cheng NS
Chengdu, China

REVIEW ARTICLES

474  Inflammatory response related scoring systems in assessing the prognosis of patients with pancreatic ductal adenocarcinoma: a systematic review
Ahmad J, Grimes N, Farid S and Morris-Stiff G
Belfast, UK

482  Th1 cytokine-based immunotherapy for cancer
Xu HM
Oxford, UK

495  Role of general practitioners in prevention and treatment of hepatitis B in China
Hangzhou, China

ORIGINAL ARTICLES

Transplantation

501  Long-term results of liver transplantation for over 60 years old patients with hepatitis B virus-related end-stage liver disease
Yi SH, Yi HM, Fu BS, Xu C, Li MR, Zhang Q, Yang Y and Chen GH
Guangzhou, China
Liver

508 Laparoscopic liver resection under hemihepatic vascular inflow occlusion using the lowering of hilar plate approach
Chen YJ, Zhen ZJ, Chen HW, Lai ECH, Deng FW, Li QH and Lau WY
Foshan, China

Pancreas

513 Post-pancreaticoduodenectomy hemorrhage: risk factors, managements and outcomes
Feng J, Chen YL, Dong JH, Chen MY, Cai SW and Huang ZQ
Beijing, China

523 Prognostic significance of epidermal growth factor-like domain 7 in pancreatic cancer
Zhou L, Li J, Zhao YP, Guo JC, Cui QC, Zhou WX, Zhang TP, Wu WM, You L and Shu H
Beijing, China

529 WNT5A modulates cell cycle progression and contributes to the chemoresistance in pancreatic cancer cells
Wei W, Sun HH, Li N, Li HY, Li X, Li Q and Shen XH
Tianjin, China

BRIEF REPORT

539 Lymphoepithelial cysts of the pancreas: a management dilemma
Martin J, Roberts KJ, Sheridan M, Falk GA, Joyce D, Walsh RM,
Smith AM and Morris-Stiff G
Leeds, UK

CLINICAL SUMMARY

545 Non-operative management of isolated liver trauma
Li M, Yu WK, Wang XB, Ji W, Li JS and Li N
Nanjing, China

NEW TECHNIQUES

551 Outflow reconstruction with arterial patch in domino liver transplantation: a new technical option
Lladó L, Ramos E, De LaSerna S and Fabregat J
Barcelona, Spain
LETTERS TO THE EDITOR

555 Different cava reconstruction techniques in liver transplantation: piggy-back versus cava resection
Piardi T and Lhuaire M
Reims, France

The Author Reply
Schmitz V
Berlin, Germany

556 Dipeptidyl peptidase-4 inhibitor sitagliptin significantly reduced hepatitis C virus replication in a diabetic patient with chronic hepatitis C virus infection
Yanai H
Chiba, Japan
