Normal and Abnormal Pulmonary Circulation

Edited by
Robert F. Grover, Denver, Colo.

Coordinated by
H. Herzog, Basel

164 figures, 44 tables

BASEL (Switzerland) S. KARGER NEWYORK

Separatum «Medicina Thoracalis» Vol. 19, Nos.4, 5, 6, pp. 193-644 (1962)

Steering Committee for the Fifth Annual Conference on Research in Emphysema:

Robert F. Grover, Chairman, Roger S. Mitchell, Ronald A. Miller,
S. Gilbert Blount, Jr., Giles F. Filley, Irving H. Itkin,
Morgan Berthrong, Charles Gaylord, John Durrance, Samuel C. Bukantz,
Charles S. Houston, William Condon and C. Wesley Eisele

The Fifth Annual Conference on Research in Emphysema, Aspen, Colo., 1962 was sponsored by:
Colorado Tuberculosis Association, Colorado Trudeau Society, University of Colorado School of Medicine, Webb Institute for Medical Research, National Tuberculosis Association and the American Thoracic Society

Previous conferences in the annual series on Research in Emphysema have been held in June of each year in Aspen, Colo. The Proceedings of these earlier conferences
have been published as follows:

Amer. Rev. resp. Dis. 80/1 (part 2): 213 pp., 1959

Amer. Rev. resp. Dis. 81: 734-746,1960

3rd Conference 1960. Air Pollution and Chronic Pulmonary Insufficiency.

INDEX

I. The Peripheral Pulmonary Circulation

Filley, G.F. (Denver, Colo.): Perspective 1
Krahl, V. E. (Baltimore, Md.): Relationships of Peripheral Pulmonary Vessels to the Respiratory Areas of the Lung 2
Weibel, E. R. (Zürich): A Quantitative Approach to the Morphologic Study of the Peripheral Pulmonary Vasculature 16
Reid, A. (Santiago) and Heard, B. E. (London) : Preliminary Studies of Human Pulmonary Capillaries by India Ink Injection 23
Discussion. Papers of Krahl; Weibel; Reid and Heard 28
Roos, A. (St. Louis, Mo.): Poiseuille’s Law and its Limitations in Vascular Systems 32
Permutt, S.; Bromberger-Barnea, B. (Baltimore, Md.) and Bane, H. N. (Denver, Colo.): Alveolar Pressure, Pulmonary Venous Pressure, and the Vascular Waterfall 47
Butler, J. and Paley, H.W. (San Francisco, Calif.): Lung Volume and Pulmonary Circulation 69
Downing, S. E. ; Pursel, S. E. ; Vidone, R. A. ; Brandt, H. M. and Liebow,
A.A. (New Haven, Conn.): Studies on Pulmonary Hypertension with Special Reference to Pressure-flow Relationships in Chronically Distended and Undistended Lobes 76
Discussion. Papers of Roos; Permutt et al.; Butler and Paley; Downing et al 91
Shaw, D. B. (Denver, Colo.): Analysis of the Pulmonary Arterial Pressure Pulse 97
Discussion. Paper of Shaw 104

11. Inter-Relations of Pulmonary Circulation and Ventilation

Severinghaus, J. W. (San Francisco, Calif.); Swenson, E. W. (Coral Gables, Fla.); Finley, T. N. (Seattle, Wash.) and Lategola, M. (Oklahoma City, Okla.): Shift of Ventilation Produced by Unilateral Pulmonary Artery Occlusion 106
Finley, Th. N. and Tooley, W. H. (Seattle, Wash.): Ventilation and Atelectasis in Chronic Pulmonary Artery Occlusion. (Not published) 110
Discussion. Papers of Severinghaus et al.; Finley and Tooley 110
Froeb, H. F. and Kim, B. M. (La Jolla, Calif.): Changes in pH and PCO2 in the Pulmonary Circulation During CO2 Breathing and Exercise 114
Discussion. Paper of Froeb and Kim 125

Swenson, E.W. and Choudhury, J.D. (Coral Gables, Fla.): Cardiorespiratory Effects of Unilateral Pulmonary Artery Occlusions as Contrasted with Pulmonary Microembolism 128
ViSSCHER, M. B. (Minneapolis, Minn.): Studies on Embolization of Lung Vessels 142
Tyler, M.D. and Blake, T.M. (Jackson, Miss.): Recurrent Pulmonary Embolism in Man: Problem of Ante-Mortem Diagnosis. (Not published) 149
Discussion. Papers of Swenson et al.; Visscher; Tyler and Blake 149

III. Fetal and Neonatal Pulmonary Circulation

Dawes, G.S. (Oxford): Vasodilatation in the Unexpanded Foetal Lung 153
WagenvoORT, C.A. (Amsterdam): The Pulmonary Arteries in Infants with Ventricular Septal Defect 162
Pool, P.E.; Averill, K.H. and Vogel, J.H.K. (Denver, Colo.): Effect of Ligation of Left Pulmonary Artery at Birth on Maturation of Pulmonary Vascular Bed 170
Discussion. Papers of Dawes; Wagenvoort; Pool et al 178

IV. Pulmonary Vascular Regulation
V. Acquired Pulmonary Hypertension

Short, D.S. (Aberdeen): The Problem of Medical Hypertrophy in Pulmonary Hypertension 219
Wright, R.R. (San Francisco, Calif.): Experimental Pulmonary Hypertension Produced by Recurrent Air Emboli 231
James, T.N. and Coates, E.O. (Detroit, Mich.): Degenerative Arteriopathy with Pulmonary Hypertension 236
Blount, S. G. (Denver, Colo.): “Primary” Pulmonary Hypertension. (Not published)

Discussion. Papers of Short; Edwards; Wright; James and Coates; Blount 239

VI. Hypoxic Pulmonary Hypertension in Man

Fishman, A.P. (New York, N.Y.): Pulmonary Vascular and Circulatory Responses to Acute Hypoxia 246
Vogel, J.H.K.; Weaver, W.F.; Rose, R.L.; Blount, S.G., Jr. and Grover, R.F. (Denver, Colo.): Pulmonary Hypertension on Exertion in Normal Man Living at 10,150 Feet (Leadville, Colo.) 269
Discussion. Papers of Fishman, Penaloza et al.; Vogel et al 286
Arias-Stella, J. and Saldana, M. (Lima): The Muscular Pulmonary Arteries in People Native to High Altitude 292
Naeye, R.L. (Burlington, Vt.): Hypoxemia, Effects on the Pulmonary Vascular Bed 302
Discussion. Papers of Arias-Stella and Saldana; Naeye 310

VII. Pulmonary Edema at High Altitude
Panel Discussion. Moderator: Houston, Ch.S '313

VIII. Experimental Hypoxic Pulmonary Hypertension

McLaughlin, R.F., Jr. (Oakland, Calif.): Tyler, W.S. (Davis, Calif.) and Canada, C.R. (Bethesda, Md.): The Comparative Anatomy of the Pulmonary Vascular Tree 331
Alexander, A.F. (Fort Collins, Colo.): The Bovine Lung: Normal Vascular Histology and Vascular Lesions in High Mountain Disease 336
Grover, R.F. and Reeves, J.T. (Denver, Colo.): Experimental Induction of Pulmonary Hypertension in Normal Steers at High Altitude 351
Kuida, H.; Hecht, H.H. (Salt Lake City, Ut.); Lange, R.L. (Milwaukee, Wisc.) and Thorne, J.L. (Salt Lake City, Ut.): Spontaneous Remission of Pulmonary Hypertension in Brisket Disease 359
Discussion. Papers of McLaughlin et al.; Alexander; Grover and Reeves; Kuida et al 364
Aviado, D. M.: The Mechanism by which Hypoxia Acts on the Pulmonary Vascular Bed. (Not published) 368
Reeves, J.T.; Leathers, J.E.; Eiseman, B. and Spencer, F. C. (Lexington, Ky.): Alveolar Hypoxia Versus Hypoxemia in the Development of Pulmonary Hypertension 369

Eiseman, B. and Spencer, F. C. (Lexington, Ky.): Surgical Techniques to Produce Chronic Cyanosis in the Newborn Calf 381
Discussion. Papers of Reeves et al.; Eiseman and Spencer 384

IX. Bronchial Circulation

Averill, K. H.; Wagner, W.W., Jr. and Vogel, J. H. K. (Denver, Colo.): Studies on Bronchial Arterial Flow and Bronchopulmonary Anastomoses 406
Liebow, A.A. (New Haven, Conn.): Recent Observations on Pulmonary Collateral Circulation 417
Discussion. Papers of Cudkowicz; Averill et al.; Liebow 431

X. Summary
