Analysis of Human Mandibular Movement

Monographs in Oral Science
Vol. 5
Editor

S. Karger Basel Mnchen Paris London New York Sydney

Analysis of Human Mandibular Movement
J. M. Goodson and E. Johansen
University of Rochester School of Medicine and Dentistry, Rochester, N.Y.

50 figures and 20 tables, 1975

Monographs in Oral Science
ISBN 3-8055-1699-1

VI+ 205 p., 96 fig., 8 tab., 1975.
ISBN 3-8055-2106-5

Cataloging in Publication
Analysis of human mandibular movement
4. Jaw-physiologie
I. Johansen, E. II. Title
W1 M0568E v.5 1975/WU 102 G655a
ISBN 3-8055-1416-6

Contents
I. Introduction 1
II. Theory 3
   A. Coordinate Axis Definition 4
   B. Coordinate Descriptions of a Point 5
   C. Position Vectors 6
   D. Unit Base Vector Notation 7
   E. Vector Addition 7
   F. Vector Solution of Mandibular Movement 8
   G. Derivation of the Translation Vector W 10
   H. Derivation of the Rotation Vector 12
   I. Computer Implementation 17
III. Materials and Methods 19
   A. Materials 19
      1. The Mandibulograph 19
      2. The Measuring Surveyor 24
      3. Dental Appliances 25
      4. Head Stabilization 26
      5. Other Materials 26
   B. Methods 27
      1. Outline 27
      2. Commentary 28
      3. Definition of the Xi; Axis 29
      4. Orientation of Maxillary Cast 29
      5. Orientation of Clutch Connecting Rod 31
      6. Positioning of Axis Rods in the Orientation Denture 31
      7. Coupling Distance (XZ) 32
      8. Recorder Gain Settings 32
     10. Mandibular Tooth Coordinate Measurements 34
     11. Condylar Coordinate Measurements 35
IV. Analysis of Jaw Movements 37

Contents VI
A. Dental Status of Experimental Subject 37
B. Analog Recordings 37
C. Representative Points and Sign Conventions Used in Illustrations 40
D. Chewing Jaw Movement 41
E. Open-Close Jaw Movement 48
Acknowledgements
The author expresses appreciation to HILDA GRISCOM for editorial assistance and JANICE WooD for manuscript preparation. This work was supported by USPHS training grant 5T1-00003-13 and by a grant from the American Chicle Company, Division of Warner-Lambert Pharmaceutical Company.
