Host Parasite Relationships in Gram-Negative Infections

Progress in Allergy

Vol. 33

Series Editors
Kimishige Ishizaka, Baltimore, Md.; Paul Kallós, Helsingborg;
Byron H. Waksman, New York, N.Y., and Alain L. de Weck, Bern

KARGER

Dedicated to the Memory of Robert Koch on Occasion of the 100th Anniversary of His Discovery of M. tuberculosis

Host Parasite
Relationships in
Gram-Negative Infections

Volume Editors
Lars Åke Hanson, Göteborg; Paul Kallós, Helsingborg, and Otto Westphal, Freiburg i. Br.

56 figures and 80 tables, 1983

KARGER

Progress in Allergy

Vol. 30: Recent Trends in Allergen and Complement Research. P. Kallós, Helsingborg (ed.)

Vol. 31: Immunity and Concomitant Immunity in Infectious Diseases. P. Kallós, Helsingborg (ed.)

Vol. 32: Regulation of the IgE Antibody Response. K. Ishizaka, Baltimore, Md. (ed.)

Drug Dosage
The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text
are in accord with current recommendations and practice at the time of publication However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions This is particularly important when the recommended agent is a new and/or infrequently employed drug.
