Retraction Statement

Paper by Yalçın Bahat et al., entitled “The Effect of Neural Therapy on Long-Term Postoperative Discomforts after Bilateral Tubal Ligation” [Complement Med Res. 2020;1–5, DOI: 10.1159/000507108]

After publication of the article entitled “The Effect of Neural Therapy on Long-Term Postoperative Discomforts after Bilateral Tubal Ligation” [Complement Med Res. 2020;1–5, DOI: 10.1159/000507108] by P. Yalçın Bahat, B. Yüksel Özgör, G. Turan, N.F. Topbaş Selçuki, and H. Nazlıkul, concerns were raised about several aspects of the methods and statistical analyses. As a result, the authors wish to retract the paper and apologize for any inconvenience caused.
