European Urology

**Vol. 39, No. 3, 2001: Planned release mid-February**

- Shokeir A: Renal Colic: Pathophysiology, Diagnosis and Treatment
- Sells H et al: Investigation of Upper Tracts after Resolution of Symptoms due to Urteric Calculi
- Woodhouse C et al: The Management and Aetiology of Stones in Intestinal Urinary Reservoirs in Adolescents
- Puskar D et al: Symptomatic Physiologic Hydronephrosis in Pregnancy: Incidence, Complications and Treatment
- Meneghini A et al: Bulbar Urethral Stricture Repair with Buccal Mucosa Graft Urethroplasty
- Colan A et al: Incidence and Risk Factors of Bacteruria after Transurethral Resection of the Prostate
- Ludwig M et al: Immunocytological Analysis of Leukocyte Subpopulations in Urine Specimens before and after Prostatic Massage
- Chahal R et al: Is It Necessary to Perform Urinary Cytology in Screening Patients with Haematuria?
- Topsakal M et al: Assessment of Fibrin-Fibrinogen Degradation Products Test in Bladder Cancer Patients
- Kirkali G et al: Significance of Tissue Laminin P1 Elastase and Fibronectin Levels in Transitional Cell Carcinoma of the Bladder
- Irand J et al: Renal Tumor Size: Comparison between Computed Tomography and Surgical Measurements
- Geavlete P et al: Endoscopic Classification and Endourologic Therapy in Proximal Incomplete Ureteral Duplication Pathology
- Poulakis V et al: Antegrade Percutaneous Endoluminal Treatment of Non-Malignant Ureterointestinal Anatomotic Strictures following Urinary Diversion
- Tasçi A et al: Color Doppler Ultrasonography and Spectral Analysis of Venous Flow in Diagnosis of Varicocele
- Perimenis P et al: Effect off Subinguinal Varicocoele on Sperm Parameters and Pregnancy Rate: A Two-Group Study
- Chartier-Kastler E et al: Feasibility of Temporary Urethral Stent through Striated Sphincter in Patients at the Early Stage of Spinal Cord Injury (Before 6 Months)
- Chertin B et al: Endoscopic Puncture of Ureterocele as Minimal Invasive and Long-Term Effective Procedure in Children
- Eversraet K et al: Impact of Urinary Tract Infection and Detrusor Pressure on Renal Tubular Function in Patients with Vesico-Ureteral Reflux
- Champelovier P et al: DAG-1 Carcinoma Cell for Studying the Mechanisms of Progression and Therapeutic Resistance in Bladder Cancer
- Oh B et al: Nitric Oxide Synthase Gene and Protein Expression Are Up-Regulated by Bacillus Calmette-Guérin in Rat Bladder
- Dieckmann K et al: Renal Actinomycosis Mimicking Renal Carcinoma

**Vol. 39, No. 4, 2001: Planned release early/mid-March**

- Sommer F et al: Audit in Urology: Comparison of Individual Urologists’ Performance [Editorial Comment included]
- Huchings A et al: Surgery for Stress Incontinence: A Non-Randomized Trial of Colposuspension, Needle Suspension and Anterior Colporrhaphy [Editorial Comment included]
- Radley S et al: Transurethral Implantation of Macroplasique for the Treatment of Female Stress Urinary Incontinence Secondary to Urethral Sphincter Deficiency
- Schelin S: Microwave Thermotherapy in Patients with Benign Prostatic Hyperplasia and in Chronic Urinary Retention
- Pace G et al: Initial Experience with a New Transurethral Microwave Thermotherapy Treatment Protocol ‘30-Minute TUMT’ [Editorial Comment included]
- Hakenberg O et al: Is There a Relationship between the Amount of Tissue Removed at Transurethral Resection of the Prostate and Clinical Improvement in Benign Prostatic Hyperplasia?
- Weckermann D et al: Biochemical and Clinical Course after Radical Retropubic Prostatectomy: Preliminary Results
- Vanuytsel L et al: Radiotherapy for PSA Recurrence after Radical Prostatectomy
- Williams S et al: Differences in Gene Expression in Muscle-Invasive Bladder Cancer: A Comparison of Italian and American Patients
- Leissner J et al: Prognostic Significance of Histopathological Grading and Immunoreactivity for p53 and p21/WAF1 in Grade 2 pT3A Transitional Cell Carcinoma of the Urinary Bladder
- Giannakopoulos S et al: Encrusted Cystitis and Pyelitis in Children
- Türken A et al: The Effects of Abdominal Location and Organ and Species Specificity in the Stimulating Mechanism of Transitional Epithelial Cell Growth by Epidermidyal or Vascular Obstructions either Individually or in Association on Ipsilateral and Contralateral Testes
- Gray C et al: Outcomes for Surgical Management of Orchalgia in Patients with Identifiable Intrascrotal Lesions
- Salah M et al: Percutaneous Suprapubic Cystolithotripsy for Pediatric Bladder Stones in a Developing Country
- Staack A et al: Organ and Speciﬁcity Speciﬁcity in the Stimulation of Transitional Epithelial Cell Growth by Fibroblasts
- Steiner F et al: Interferon Alpha Suppresses Antiapoptotic Effect on NF-kB and Sensitizes Renal Cell Carcinoma Cells in vitro to Chemotherapeutics
- Corti B et al: Solitary Fibrous Tumour of the Urinary Bladder with Expression of bcl-1-2, CD34 and Insulin-Like Growth Factor Type II
