The 14th International Symposium on Contact Dermatitis

and

The 7th Asia-Pacific Environmental & Occupational Dermatology Symposium

Abstracts

Seoul, Korea, September 19–21, 2003
Drug Dosage
The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.

Contents

Special Lecture I

The Determination of Allergen Potency for Risk Assessment
Basketter, D.A. .......................... 120

Plenary Session I: Basics of Irritant Contact Dermatitis

Interactions of Irritants – New Aspects

Corrosive and Noncorrosive Irritation
Lee, C.H. ................................. 121

Heat Injury to Skin: Molecular Mechanism
Chung, J.H. .............................. 121

Laser Injury to Skin: Barrier Function and Wound Healing
Huh, C.H., Kim, S.D., Eun, H.C. ...... 122

Allergic Contact Dermatitis and Irritant Contact Dermatitis Show Different Epidermal Cytokine Profiles
Kim, S.-C., Oh, S.-M., Jung, S.-Y., Kim, J.Y. ..................... 122

Plenary Session II: Basics of Allergic Contact Dermatitis

Evaluation of the Thresholds for Allergens
Basketter, D.A. .......................... 122

A Risk-Assessment-Based Approach to Skin Safety Evaluation
Kwon, S. ............................... 123

Dendritic Cells Can Be Used as an in vitro Predictive Indicator of Contact Sensitizers
Shin, J.L., Lee, M.G. .................... 123

Correlation of Titre of Contact Hypersensitivity with Severity of Disease and Therapeutic Response in Contact Dermatitis Caused by the Weed Parthenium
Verma, K.K., Manchanda, Y. ........ 123

Mini Symposium: Occupational Dermatology

Occupational Dermatoses in Different Countries

Occupational Contact Dermatitis in Melbourne, Australia
Nixon, R.L., Frowen, K. .................. 125

Phototoxic Dermatosis among Coal Tar Pitch Workers
Jung, C., Lim, H.S. ....................... 125

Contact Dermatitis in Cement Workers in Isfahan
Iraji, F., Asilian, A., Enshaieh, S., Shamoradi, Z., Shariati, F., Misaghi, S. .................. 126

Patch Testing in a Coin Mint and Bank Notes Printing Plant (Central Bank of the Philippines)
Salta-Ramos, N., Encarnacion, L.A. ...... 126

Optimising Co-Operation between the Dermatologist and Occupational Health Physician – A New Approach in The Netherlands, Facilitated by the Dutch Government
Kruyswijk, M.R.J., Jenner, A.J.C.G., Kemna, G.W., ten Hove B. ..................... 126

Occupational Dermatoses in Health Care Workers

Selected Aspects of Occupational Problems in Health Care Workers
Taylor, J.S. .............................. 127

Occupational Dermatoses in Health Care Workers in Korea
Lee, J.Y. ............................... 127

Natural Rubber Latex Allergy – An Update
Goh, C.L., Tang, M., Ng, S.K., Leow, Y.H., Goon, A. ..................... 127

Group Study on Latex Allergy
Hayakawa, R., Clinical Research Group of Latex Allergy Forum ...................... 128

Contact Dermatitis in Surgeons and Residents in Isfahan
Asilian, A., Iraji, F., Enshaieh, S., Shamoradi, Z., Shariati, F. ..................... 128

Special Occupational Dermatoses and Prevention

An Update on Contact Allergy to Gold
Bruze, M. ............................... 128

Hydrofluoric Acid Burn
Kim, K.J. ............................... 129

Stevens-Johnson Syndrome Related to Trichloroethylene
Kang, S.-K. ............................. 129

Prevention of Contact Dermatitis
Schwanitz, H.J. .......................... 130

Tertiary Prevention of Occupational Skin Diseases in Metal Workers in 2002
Skudlik, C., Schwanitz, H.J. ........ 130
Symposium I: Clinics of Contact Dermatitis I

Contact Dermatitis to Phenol Formaldehyde Resins
Beck, M.H. ........................................ 131

Special Problems in Contact Dermatitis in the Philippines
Villafuerte, L.L. .................................... 131

Presence of Formaldehyde in Topical Corticosteroid Preparations Available on the Swedish Market
Goon, A., Gruvberger, B., Persson, L., Isaksson, M., Bruze, M. ................. 132

Allergic Contact Dermatitis from Dodecyldiaminoethylglycine and Isopropyl Alcohol in a Commercial Disinfectant Swab

Contact Allergy and Allergic Contact Dermatitis to Biocides
Andersen, K.E. .................................... 132

Dermatitis in Vietnam
Khang, T.H. ........................................ 132

Allergic Contact Dermatitis to Melphalan and Chlorambucil: Cross-Reactivity or Co-Sensitization?
Goon, A.T.J., McFadden, J.P., McCann, M., Rycroft, R.J.G. .................... 133

The Harmful Side of Henna Tattoos
Bukhari, I. .......................................... 133

Symposium II: Clinics of Contact Dermatitis II

Diagnosis and Management of Latex-Fruit Syndrome
Matsunaga, K., Tomitaka, A., Kano, H., Yagami, T. ......................... 134

Ocular Allergy
Ale, I. .............................................. 134

Symposium III: Atopic Dermatitis

Latex Allergy and Type II Food Allergy in Atopic Dermatitis
Ikezawa, Z. ....................................... 139

Patch Testing in Atopic Dermatitis
Kim, H.O. ........................................ 139

Dust Mite Allergy in Atopic Dermatitis
Lee, K.H., Lee, J.H., Jung, J., Oh, S.H. ........................................ 140

Role of Superantigen in Atopic Dermatitis
Cho, S.-H. ......................................... 140

Expression of Toll-Like Receptors in Keratinocytes: Implication in Atopic Dermatitis
Jang, H.-S. ......................................... 140

Correlation between Contact Allergy to Gold and Gold-Coated Stents

Eyelid Dermatitis
Nakayama, H. ..................................... 135

Contact Dermatitis to Topical Medications
Taylor, J.S. ........................................ 135

Hypersensitivity to Hydrocortisone-21-Butyrate in Patients Allergic to Hydrocortisone-17-Butyrate
Isaksson, M., Bruze, M. ................................ 136

Allergic Reactions to Various Ingredients of Topical Medications
Lee, J.H., Lee, J.Y., Kim, H.O. ........................................ 136

Symposium IV: Skin Barrier

The Stratum Corneum as Biosensor: Barrier Repair Strategies in Dermatology
Elias, P.M. ......................................... 137

Stratum Corneum pH: Origin, Function and Clinical Relevance
Elias, P.M. ......................................... 143

Clinical Applications of Transepidermal Water Loss and Corneocyte Hydration Measurements
Williams, M.L. ...................................... 144

Human Skin Barrier: Some Unanswered Questions
Menon, G. .......................................... 144

Irritability of the Aged Barrier: Intrinsic versus Extrinsic Aging
Schürer, N.Y. ....................................... 145

Development of the Epidermis and the Skin Permeability Barrier in Humans
Park, H.W. .......................................... 145

Clinical Applications of Permeability Barrier Assessments
Williams, M.L. ...................................... 145

Damage and Recovery of Skin Barrier Function after Diamond Microdermabrasion
Song, J.Y., Lee, J.S., Kim, M.Y., Park, Y.M., Kim, H.O. ....................... 146

**Plenary Session III: Patch Test**

**Patch Testing – Assessing Relevance**
Goh, C.L., Ng, S.K., Chan, Y.C. .......................... 147

**Patch Test Validation**
Ale, I., Maibach, H.I. .................................. 147

**The Role of Patch Testing in Perineal Disorders Affecting Women**
Walker, S.L., Batchelor, R.J., Young, H.S., Beck, M.H. ................. 148

**How Should We Evaluate Skin Irritancy by Patch Tests?**
Matsunaga, K. ............................................. 148

**Skin Test in Drug Eruption: A 5-Year Field Experience at Cipto Mangunkusumo General Hospital, Jakarta**
Soebaryo, R.W., Nugrohowati, T., Effendi, E.H. .......................... 148

**Repetitive Open Application Testing with Methyldibromoglutaronitrile: A Multicenter Study within the EEDCRG**
Gruvberger, B., Andersen, K.E., Brandão, F.M., Bruyneel, D.P., Bruze, M., Frosch, P.J., Goossens, A., Lahti, A., Maibach, H.I., Menné, T., Seidenari, S., Wilkinson, J.D. .......... 149

**Plenary Session IV: Bioengineering**

**Instrumental Quantification of Patch Test Reactions**
Berardesca, E. ............................................. 149

**Objective Interpretation of Experimental Irritant-Induced Inflammation by a New Color Analysis and Stereoimage Concept**
Oh, C.H. ................................................. 149

**Comparison of Lactic Acid Sting Tests on Sensitive Skin**

**The Local Lymph Node Assay: A Newly Accepted Tool for Allergen Identification**
Basketter, D.A. ............................. 150

**Mechanical Irritation and Bioengineering**

**Damage and Recovery of Skin Barrier Function after Glycolic Acid Chemical Peel and Crystal Microdermabrasion**

**Skin Testing and Pharmacogenomics in Drug Eruption**
Lee, A.-Y. ............................................. 153

**A Comparison Study on Allergenicity in Korean and American Peanuts**
Kang, K.S., Park, C.W., Lee, C.H. ........................ 154

**Plenary Session V: Cosmetics and Skin**

**Cosmetic Contact Dermatitis更新 in Japan**
Hayakawa, R. ............................................. 151

**Partnership Makes Scents**
Boyden, J.W., Vey, M., Boyden, J. ............................................. 151

**Further Investigation of Elicitation Dose Responses for Paraphenylenediamine**

**Barrier Function and Cosmetic Contact Dermatitis**
Greig, D. ................................................. 152

**Fragrance Allergy Caused by Oxidation of Common Fragrances: Diagnosis and Prevention**
Karloberg, A.-T. ............................................. 152

**Cosmetics and Skin**
Hayakawa, R. ............................................. 153

**Plenary Session VI: Advance in Diagnosis and Treatment**

**The Standard Series: How to Adapt It to Modern Times?**
Lachapelle, J.-M. ............................................. 153

**Skin Testing and Pharmacogenomics in Drug Eruption**
Lee, A.-Y. ............................................. 153

**What’s New in Systemic Contact Dermatitis**
Veien, N.K. ............................................. 154

**Epidemiologic Survey on the Outbreak of Dermatosis Associated with Ants (Pachycondyla chinensis)**
Bae, G.-R., Lim, H.S., Kim, B.-J. ........................ 154

**Contact Allergen Replacement Database (CARD): A Topical Skin Care Product Database**
Yiannias, J.A. ............................................. 155

**Nickel-Elicited Systemic Contact Dermatitis: A Report of 20 Cases and a Review of the Literature**

**Plenary Session VII: What’s New**

**Cosmeceuticals: Where Are We going?**
Maibach, H.I. ............................................. 154

**What’s New in Systemic Contact Dermatitis**
Veien, N.K. ............................................. 154

**Azo Dye Depigmentation: The Clinical Presentation and Some Experimental Aspects**
Bajaj, A.K., Misra, K., Dubey, S.K., Kapoor, N. .................. 155

**Systemic Contact Dermatitis due to Rhus (Lacquer)**
Park, S.-D. ............................................. 156

**Prevalence of Dermatological Conditions in Volcanic Areas**
Arcilla, B.B., Alberto, N., Chan, G. ............................................. 156
Contents

Photo Contact Dermatitis in Korea
Kim, T.-H. .......................... 157

The Influence of Natural Solar Radiation on the Skin Barrier Function

Common Causes of Allergic Contact Dermatitis in Mongolia
Erdenebayar, N., Munhbayarlah, S., Zevgee, T. .......................... 158

Acute Irritant Contact Dermatitis Caused by Clove Oil and Black Cumin in a Leprosy Patient
Novita, D., Oroh, E.C., Harun, E.S., Pohan, S.S. .......................... 158

Follow-Up Study of Latex Allergy for 8 Years

A Study on the Prevalence of Latex Allergy in Operating Room Nurses
Han, H.J., Yim, Y.S., Park, C.W., Lee, C.H. .......................... 159

A Case of Allergic Contact Dermatitis to ‘Aroma Oils’ in an Aroma Therapist
Kim, H.K., Chang, S.E., Moon, K.C. .......................... 160

Occupational Contact Dermatitis to Chrysanthemum in a Mortician
Kawada, A., Hashimoto, Y., Aragane, Y., Tezuka, T. .......................... 160

Expression of Cytokines, Soluble CD4 and Soluble CD8 Levels in Blister Fluid of Allergic and Irritant Contact Dermatitis
Chu, C.-Y., Sun, C.-C. .......................... 160

Interrelationships between Different Classes of Chemical Allergens
Gilmour, N.J., Basketter, D.A., Dearman, R.J., Kimber, I. .......................... 160

Animals Sensitized to CI Disperse Blue 124 Do Not Cross-React to Paraphenylenediamine, while Animals Sensitized to Paraphenylenediamine Cross-React to CI Disperse Blue 124

Hevein is an Allergen of Delayed-Type Latex Allergy

Irritant-Induced Proinflammatory Cytokine Expression and Screening of Candidate Anti-Irritation Substances in Human Skin Cells
Lee, H., An, S., Moon, S.J., Chang, I. .......................... 161

Contact Dermatitis in Sandwich-Making Staff in Isfahan
Iraji, F., Asilian, A., Enshaieh, S., Shamoradi, Z., Shariati, F. .......................... 162

Simultaneous Contact Sensitivity to Hydroxystearic Acid and C18–36 Acid Triglyceride in Lip Glosses
Kawada, A., Kimura, M. .......................... 162

Fragrance Contact Dermatitis in Korea: Joint Study

Contact Dermatitis Trend for 24 Years: Possible Relation with Social Economic Impact
Sun, C.-C., Tseng, M.-P., Chen, K.-H. .......................... 162

A Case of Contact Dermatitis from Paratertiary Butylphenol Formaldehyde Resin in a Wetsuit
Nagashima, C., Tomitaka, A., Kano, H., Arima, M., Matsunaga, K. .......................... 163

One-Year Prevalence of Hand Eczema in an Adult Swedish Population and the Relation to Risk Occupation

Testing with Fine Fragrances: Comparison with Fragrance Mix, Balsam of Peru and the Fragrance Series
Trattner, A., David, M. .......................... 163

High Frequency of Simultaneous Sensitivity to Disperse Orange 3 in Patients with Positive Patch Tests to Paraphenylenediamine

Immediate Reaction to Myroxylon pereirae Resin
Tanaka, S., Tamada, Y., Matsumoto, Y., Rycroft, R.J.G., White, I.R., McFadden, J.P. .......................... 164

Characterization and Identification of Sensitive Skin by Biophysical Parameters and a Questionnaire in Korea

A Case of Contact Dermatitis due to Whitening Cosmetics
Kato, Y., Hayakawa, R., Sugiura, M. .......................... 164

Usefulness of the Modified HET-CAM Test as Alternative Method to Screen Counteracting Sensory Irritation Substances
New Parameter for Identifying Subjective Sensitivity in the Skin
Ryu, J.S., Park, S.G., Park, M.E., Yoo, Y.C., Han, S.G., Kang, S.H. ........ 165

Determination of the Metabolites Which May Act as Immunogenic Haptens in Contact Allergy against Paraphenylenediamine Using the Lymphocyte Transformation Test and Patch Test
Roesyanto-Mahadi, D., Yik, F.M., Abdullah, K.A., Harahap, M. ........... 165

The Relevance between Causative Products and Chemicals in Cases of Allergic Contact Dermatitis due to Knee Devices Such as Braces and Bands in Japan
Kaniwa, M., Ikarashi, Y. ................. 165

Contact Dermatitis Seen at the National Institute of Dermatovenereology, Hanoi, Vietnam
