21 figures and 11 tables, 2004
Drug Dosage

The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.

Contents

Vol. 98, No. 2, 2004

Aetiological Factors in Paediatric Urolithiasis
van’t Hoff, W.G. (London)

Medical Management of Urinary Stone Disease
Pak, C.Y.C. (Dallas, Tex.)

Renal Stone Disease: The Urological Perspective
Amiel, J. (Nice); Choong, S. (London)

Molecular Aetiology of Primary Hyperoxaluria Type 1
Danpure, C.J. (London)

The Molecular Basis of Cystinuria
Goodyer, P. (Montreal)

Hypophosphatemia and Calcium Nephrolithiasis

Role of Renal Epithelial Cells in the Initiation of Calcium Oxalate Stones
Khan, S.R. (Gainesville, Fla.)

Intracellular Events in the Initiation of Calcium Oxalate Stones
An Overview of Divalent Cation and Citrate Handling by the Kidney
Unwin, R.J. (London); Capasso, G. (Naples); Shirley, D.G. (London)

Kidney Models of Calcium Oxalate Stone Formation
Robertson, W.G. (London)

Clinical Value of Crystalluria and Quantitative Morphoconstitutional Analysis of Urinary Calculi
Daudon, M.; Jungers, P. (Paris)

Macromolecules and Urolithiasis: Parallels and Paradoxes
Ryall, R.L. (Adelaide)

Osteopontin and Calcium Stone Formation
Kleinman, J.G.; Wesson, J.A. (Milwaukee, Wisc.); Hughes, J. (Edinburgh)

Microorganisms and Calcium Oxalate Stone Disease
Goldfarb, D.S. (New York, N.Y.)

Role of Nutrition in the Formation of Calcium-Containing Kidney Stones
Taylor, E.N.; Curhan, G.C. (Boston, Mass.)

Role of Dietary Intake and Intestinal Absorption of Oxalate in Calcium Stone Formation
Jaeger, P.; Robertson, W.G. (Nice)
