After decades of focusing on how to alleviate and prevent recurrence of acute CNS injuries, the emphasis has finally shifted towards repairing such devastating events and rehabilitation. This development has been made possible by substantial progress in understanding the scientific underpinnings of recovery as well as by novel diagnostic tools, and most importantly, by emerging therapies awaiting clinical trials. In this publication, several international experts introduce novel areas of neurological reorganization and repair following CNS damage. Principles and methods to monitor and augment neuroplasticity are explored in depth and supplemented by a critical appraisal of neurological repair mechanisms and possibilities to curtail disability using computer or robotic interfaces. Rather than providing a textbook approach of CNS restoration, the editors selected topics where progress is most imminent in this labyrinthine domain of medicine. Moreover, the varied background and origins of the contributors lend this book a truly global perspective on the current state of affairs in neurological recovery.
Order Form

Frontiers of Neurology and Neuroscience

Please send:

- copy/ies: Vol. 32: Clinical Recovery from CNS Damage
  CHF 198.– / EUR 165.– / USD 233.00
  (hard cover)

- copy/ies: Vol. 31: Literary Medicine: Brain Disease and Doctors in Novels, Theater, and Film
  CHF 123.– / EUR 103.– / USD 145.00

Frontiers of Neurology and Neuroscience

Series Editor: Bogousslavsky, J. (Montreux)

ISSN 1660–4431, e-ISSN 1662–2804

Focusing on topics in the fields of both Neurosciences and Neurology, this series provides current and unique information in basic and clinical advances on the nervous system and its disorders.

Back volumes:

Vol. 31

Literary Medicine: Brain Disease and Doctors in Novels, Theater, and Film
Editor: Bogousslavsky, J. (Montreux); Dieguez, S. (Fribourg)
VIII + 226 p., 49 fig., 9 in color, 8 tab., 2013
CHF 123.– / EUR 103.– / USD 145.00 (hard cover)
CHF 148.– / EUR 124.– / USD 174.00 (online)
Online version for institutional purchase

Vol. 30

Manifestations of Stroke
Editors: Paciaroni, M.; Agnelli, G.; Caso, V. (Perugia); Bogousslavsky, J. (Montreux)
X + 206 p., 46 fig., 9 in color, 8 tab., 2012
CHF 198.– / EUR 165.– / USD 233.00 (hard cover)
CHF 238.– / EUR 198.– / USD 280.00 (online)
Online version for institutional purchase

Vol. 29

The Mystery of Yawning in Physiology and Disease
Editor: Walusinski, O. (Brou)
XIV + 160 p., 14 fig., 1 in color, 5 tab., 2010
CHF 198.– / EUR 165.– / USD 233.00 (hard cover)
CHF 238.– / EUR 198.– / USD 280.00 (online)
Online version for institutional purchase
