A concise and well-illustrated reference book

Imaging in Endocrine Disorders

Editors: Michael Buchfelder
Federica Guaraldi

Revolutionary changes in medical imaging have enormously improved the ability to detect structural and functional organ alterations early. Imaging is becoming an essential tool – in association with hormonal assays – for the diagnosis and management of endocrine disorders. New contrast media and their application to ultrasounds, as well as the opportunity to merge images acquired by functional/metabolic and traditional techniques, allow characterization of key features of identified lesions. Some radiological techniques such as ultrasonography, CT, and MRI are now available in operating rooms, thus supporting a diagnostic and therapeutic approach to endocrine diseases.

In this new book, distinguished experts have contributed concise and well-illustrated chapters to describe pathognomonic features of several benign and malignant diseases affecting endocrine glands. They review the main advantages and disadvantages of each diagnostic technique along with indications for selecting a method. As a special feature, online videos of dynamic diagnostic and therapeutic procedures are available.

*Imaging in Endocrine Disorders* is a must read and valuable reference for all professionals dealing with endocrine disorders, including internists and general practitioners who must manage the essential diagnostic workup.

**CONTENTS**

Preface: Buchfelder, M.; Guaraldi, F.; Ghigo, E.

Sonography of Normal and Abnormal Thyroid and Parathyroid Glands: Andrioli, M.; Valcavi, R.

Computed Tomography and Magnetic Resonance Imaging of the Thyroid and Parathyroid Glands: Warren Frunzac, R.; Richards, M.

Role of Nuclear Medicine in the Diagnosis of Benign Thyroid Diseases: Garberoglio, S.; Testori, O.

Hybrid Molecular Imaging in Differentiated Thyroid Carcinoma: Schmidt, D.; Kuwert, T.

Endoscopic Ultrasound in Endocrinology: Imaging of the Adrenals and the Endocrine Pancreas: Kann, P.H.

Adrenal Imaging: Magnetic Resonance Imaging and Computed Tomography: McCarthy, C.J.; McDermott, S.; Blake, M.A.

Adrenal Molecular Imaging: Sundin, A.

Gonadal Imaging in Endocrine Disorders: Lanfranco, F.; Motta, G.

Magnetic Resonance Imaging of Pituitary Tumors: Bonneville, J.-F.

Intraoperative Magnetic Resonance Imaging for Pituitary Adenomas: Buchfelder, M.; Schlaffer, S.-M.

Molecular Imaging of Pituitary Pathology: de Herder, W.W.

Imaging of Neuroendocrine Tumors: Öberg, K.; Sundin, A.

Author Index/Subject Index
Imaging in Endocrine Disorders
Editors: M. Buchfelder, F. Guaraldi

Frontiers of Hormone Research, Vol. 45
Imaging in Endocrine Disorders
Editors: Buchfelder, M. (Erlangen); Guaraldi, F. (Turin)
VIII + 156 p., 141 fig., 33 in color, 9 tab., 2016
CHF 180.00 / EUR 168.00 / USD 212.00 (hard cover)
CHF 216.00 / EUR 202.00 / USD 254.00 (online)
Online version for institutional purchase

FIELDS OF INTEREST
Endocrinology; Radiology; Neuroendocrinology, Tomography, Ultrasound
