Cellular Physiology and Biochemistry is a multidisciplinary scientific forum dedicated to advancing the frontiers of basic cellular research. It addresses scientists from both the physiological and biochemical disciplines as well as related fields such as genetics, molecular biology, pathophysiology, pathobiochemistry and cellular toxicology & pharmacology. Original papers and reviews on the mechanisms of intracellular transmission, cellular metabolism, cell growth, differentiation and death, ion channels and carriers, and the maintenance, regulation and disturbances of cell volume are presented. Appearing monthly under peer review, Cellular Physiology and Biochemistry takes an active role in the concerted international effort to unravel the mechanisms of cellular function.

Cellular Physiology and Biochemistry
Founded: 1991
Category: Basic Research
Field of Interest: Cell Biology

Listed in bibliographic services, including:
PubMed/MEDLINE, Web of Science, Google Scholar,
DOAJ, Scopus, Embase

2018: Volumes 45, 46
6 issues per volume
Language: English
e-ISSN 1421–9778

Impact Factor: 5.104

Benefits for Authors
- rapid peer-review process
- fast online publication
- no limitations on article length
- no color charges (online edition)
- Digital Object Identifiers (DOIs) facilitate the unique and persistent identification of research material

Submission
Cellular Physiology and Biochemistry is an open-access, peer-reviewed journal and accepts Original Papers and Reviews.

Conditions
All articles in this journal are Open Access and meet the requirements of funding bodies or academic institutions. Articles are licensed under the terms of the Creative Commons Attribution-NonCommercial-NoDerivatives 4.0 International license (CC BY-NC-ND). Articles can be read, downloaded, printed, and shared provided that use is for non-commercial purposes only, no modifications or adaptations are made, and proper credit is given to the authors as well as the original publisher. For research funded by the Wellcome Trust, Research Councils UK (RCUK) and other organizations with the same requirements, papers are published under the Creative Commons Attribution 4.0 International license (CC BY 4.0).
