Current Urology is an international peer-reviewed journal providing practical, timely, and state-of-the-art contributions on clinical research and experience in urology.

The journal encompasses all aspects of basic urological research, surgical and medical oncology, radiology, pathology, urolithiasis, andrology, reconstruction surgery, pediatric urology, female urology and urodynamics, erectile dysfunction, infertility, urinary infections and inflammations, endourology, and transplantation. Each issue contains reviews, original articles, surgical techniques, case reports, book reviews and correspondence. It is published online and in print.

Urologists, oncologists, pathologists, radiologists and scientists are invited to hand in their contributions to make *Current Urology* a viable international forum on latest findings in research and practice in urology.
