This open access and online-only journal publishes original articles covering the entire spectrum of stroke and cerebrovascular research, drawing from a variety of specialties such as neurology, internal medicine, surgery, radiology, epidemiology, cardiology, hematology, psychology and rehabilitation. Offering an international forum, it meets the growing need for sophisticated, up-to-date scientific information on clinical data, diagnostic testing, and therapeutic issues. The journal publishes original contributions, reviews of selected topics as well as clinical investigative studies. All aspects related to clinical advances are considered, while purely experimental work appears only if directly relevant to clinical issues. *Cerebrovascular Diseases Extra* provides additional contents based on reviewed and accepted submissions to the main journal *Cerebrovascular Diseases*. 

**Cerebrovascular Diseases Extra**
- Founded: 2011
- Category: Clinical Research
- Field of Interest: Neurology
- Listed in bibliographic services, including: PubMed/MEDLINE, PubMed/ PubMed Central, Google Scholar, DOAJ, Scopus, Embase
